

FINAL EXAM SCHEDULE - FALL 2019

Final examination week begins Monday, December 16, and ends Thursday, December 19. Each examination period will be two hours long. There is one possible common examination time during the week. This is on Tuesday, December 19, 10:30am-12:30pm.

For classes that normally meet at the standard times: Table A indicates the assigned days and times for the final examination.

For classes that normally meet at non-standard times: Table B indicates how to determine on what days and times the final examination will be held.

For courses that are listed in this course bulletin with meeting times "arranged" no examination period has been assigned. The instructor and the students will have to consult to arrange a mutually workable examination time.

Example: A class that meets at 8:00 on MTW is a non-standard sequence of days. Its first meeting day is Monday, and its examination period will be the same time as the 8:00-8:50 MWF classes.
