<b>Definitions:</b>															
<b>Enrollment:</b> include only fall semester new entering students, i.e. first year and transfers. <b>Dormitory Enrollment</b> is a subset of enrollment															
<b>met plus Not Met equal the enrollment count, those Not Met are explained as either exempt or provisionally admitted</b>															
<b>Not met:</b> does not meet the vaccine or evidence of immunity requirement. Includes students with medical and religious exemptions, and students provisionally admitted															
Met plus Not Met equal the enrollment count, those Not Met are explained as either exempt or provisionally admitted															
<b>Medical and religious exemption:</b> includes students with a current year signed exemption form for one or more vaccines															
<b>Provisional admittance:</b> includes students who neither meet requirements for one or more vaccines nor have a current signed exemption															
<b>Limitations of the data:</b>															
Any student counted as "not met" for an individual vaccine must also be represented as having either an exemption, or counted as provisionally admitted															
When looking at the individual vaccines it is not always possible to determine why compliance was not met.
