## About This Report

The Northern Vermont University (NVU) Public Safety Office prepares this report for compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clery Act”). This report can be found on the NVU website at:

<https://northernvermont.edu/ASR>

Crime statistics for this report are compiled on a calendar-year basis in accordance with the definitions of crimes provided by the FBI for use in the Uniform Crime Reporting (UCR) system. The report includes statistics for Clery Act crimes that occurred within NVU-Johnson’s and NVU-Lyndon’s Clery Act geography in the previous 3 calendar years. These statistics are gathered from reported crimes to the Public Safety Office, as well as crimes reported to other campus officials with significant responsibility for student and campus activities (known as Campus Security Authorities or CSAs). The statistical crime categories reported are Murder and Non-Negligent Manslaughter, Manslaughter by Negligence, Rape, Fondling, Incest, Statutory Rape, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Liquor Law Violations, Drug Abuse Violations, and Weapons Possession. Reports of Dating Violence, Domestic Violence, and Stalking are also included. Additionally, any of the above-listed crimes, plus Larceny-Theft, Simple Assault, Intimidation, Destruction/Damage/Vandalism of Property, are reported as hate crimes if the victim was intentionally selected because of the perpetrator’s bias against the victim. NVU’s Clery Act geography includes the campus, as well as certain off-campus buildings or property owned or controlled by NVU, considered non-campus property as well as public property within or immediately adjacent to and accessible from the main campuses. Relevant crime data is collected or requested from the local Police Departments. The Annual Security Report is prepared by the NVU Directors of Public Safety. Crime statistics are published annually on the Public Safety section of the NVU website and paper copies are available upon request. An email is sent to students, faculty, and staff providing a link to the Annual Security Report. Prospective students and employees may receive a copy of this report by calling NVU-Johnson Public Safety at (802) 635-1205 or 5-1205 from an on-campus extension or NVU-Lyndon Public Safety at (802) 626-6452 or 6-6452 from an on-campus extension.

### **About the Public Safety Department**

The Public Safety Departments report to the Dean of Students and work closely with their respective Residence Life offices. The Johnson Office of Public Safety is located in Dewey Hall and the Lyndon Office of Public Safety is located on the 1st floor of the ASAC building. Both Departments are staffed 24 hours a day, 7 days a week throughout the calendar year. Each Public Safety Department is comprised of a Director of Public Safety along with full-time officers and student officers. Officers conduct day and nighttime foot and vehicle patrols. They routinely check parking lots, building entrances, residence halls, roadways, walkways, and campus lighting. They are responsible for the security of all campus buildings, including all residence halls on campus. Each is knowledgeable of campus policies and regulations including parking, alcohol/drug, smoking, pets, pedestrian safety, building access, and snow removal. Officers are also trained in first aid and CPR.

## Enforcement Authority of Public Safety Officers

Campus Safety personnel are not authorized to make arrests nor are they authorized to use firearms for restraint or control. Public Safety Officers are authorized to ask persons for identification and to determine whether individuals have a legitimate reason to be on University property. Public Safety officers have the authority to issue parking tickets, which can be billed to students, faculty, and staff. The authority to make arrests on campus and to respond to criminal actions off campus rests with the Vermont State Police and the Lamoille County Sheriff's Department.

The University has a good working relationship with the Vermont State Police and the Lamoille County Sheriff's Office. Typically, Public Safety will reach out to these law enforcement agencies if a serious criminal incident occurs on campus, consistent with NVU's policies and procedures.

Students and employees are encouraged to report, accurately and promptly, all suspected crimes to Public Safety. Prompt reporting will assist Public Safety in determining whether a timely warning needs to be issued and facilitate the prompt investigation of reported incidents.

Campus Public Safety Officers are authorized to investigate reports of violations of the Code of Conduct. The Code of Conduct and disciplinary procedures are contained in the *Student Handbook of Rights & Responsibilities*. The Handbook also contains copies of the Sexual Harassment Policy, the Sexual Assault Policy, and the Alcohol and Drug Policy. NVU Public Safety Officers do not provide services to off-campus residences, nor do they regularly patrol off-campus areas.

The *Student Handbook* can be found at:

<https://www.northernvermont.edu/academics/resources/student-handbook>

## Off-campus Disturbances

As members of our respective communities, students who reside off-campus are expected to show respect and be courteous to members of the local community and demonstrate responsible citizenship in the local neighborhood. Students who violate these expectations and/or whose behavior jeopardizes NVU's positive relationship with the local community may be subject to University discipline.

NVU does not have any off-campus student organizations monitored by either the Vermont State Police or the Lamoille County Sheriff's Department.

NVU does not have any officially recognized off-campus student organizations or housing

## Working with outside Law Enforcement Agencies

Northern Vermont University (NVU) works with local, county, state, and federal law enforcement agencies with primary service coming from the Vermont State Police for NVU-Lyndon, and the Lamoille County Sheriff's Department for NVU-Johnson. Northern Vermont University does not have a formal Memorandum of Understanding with any of these partners; however, as a member institution of the Vermont State Colleges (VSC), the University is covered by a memorandum of understanding with the Vermont Special Investigation Units (collectively "VTSIU"). This agreement allows the VSC and the VTSIU to exchange information and coordinate on investigations into allegations involving sexual assault and other sex-based crimes where the victim is affiliated with the VSC at the time of the incident and consents to the sharing of information.

If you are a victim of a crime and do not want to pursue action through the Public Safety Office or the criminal justice system, you may still want to consider making a confidential report. With your permission, the Director of Public Safety, or a designee, can file a report on the details of the incident without revealing your identity. The purpose of this confidential report is to comply with your wish to keep the matter confidential while taking steps to ensure the future safety of yourself and others. With such information, the University can keep an accurate record of the number of incidents involving students and alert the campus community to potential danger. Reports filed anonymously are recorded and disclosed in the annual crime statistics. Please note that where circumstances warrant, the University may report and/or investigate an alleged violation even if you choose not to pursue official action. You are not obligated to cooperate in this process.

Northern Vermont University will, upon written request, disclose to the alleged victim of a crime of violence or non-forcible sex offense, the results of any disciplinary hearing conducted by Northern Vermont University against a student who is an alleged perpetrator of the crime or offense. If the alleged victim is deceased because of the crime or offense Northern Vermont University will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

A daily crime log is available at the Public Safety Office and online. This log is available during normal business hours and includes the last 60 days of reported crimes.

## Campus Security Authority (CSA) reporting procedures

NVU encourages all campus community members to contact Public Safety to report all criminal actions. However, under the Clery Act, certain individuals designated as Campus Security Authorities (CSAs) are required to promptly report statistical information about Clery qualifying crimes that occur within NVU's Clery Act geography to Public Safety for inclusion in this Report.

It is the responsibility of the Dean of Students, the Title IX coordinator, the Policy 311 Coordinator, and the Directors of Public Safety to identify who, as a result of their job duties at the University, constitutes a CSA, and fall into one of the following categories:

- A member of the Public Safety Department,
- An individual who has responsibility for campus security but does not constitute a member of Public Safety (for example monitoring the entrance to a building or specific area),

- An official of the institution who has significant responsibility for student campus activities, including but not limited to, student housing, student discipline, and campus judicial/administrative proceedings, coaches and coaching staff, advisors to recognized student clubs, Counseling Director (including part-time employees and Graduate Assistants), and,
- Any additional individuals that meet the definition of a “Responsible University Administrator” or “RCA”

## CSA Procedures:

**Step 1.** Call 911 immediately if there is a crime or other emergency in progress or if at any time there is an imminent threat to the campus community.

**Step 2.** CSA’s should ask the victim or third party if they are in contact with or wish to file a report with Public Safety.

If yes, contact Public Safety at one of the following numbers:

Johnson Campus: 802.635.1205 or x51205 from an on-campus extension.

Lyndon Campus: 802.626.6452 or x66452 from an on-campus extension.

If not, the University will typically respect the decision of the victim not to report an incident to Public Safety or to Law Enforcement. There may be circumstances, however, where the University contacts Law Enforcement after making a determination that doing so is in the best interest of safety and security for the victim and/or the broader community. Even if a victim or third party does not wish to report an incident to Public Safety or Law Enforcement, the CSA must still complete a report of the crime.

**Step 3.** The CSA must promptly file a Campus Security Authority Report using the form found here or by submitting an online incident report:

<https://NorthernVermont.edu/CSAReporting>

This report should be completed regardless of whether the victim chooses to file a report with Public Safety or with local law enforcement. No personally identifiable information about the victim should be included in the CSA report form unless the victim gives permission to do so. CSAs are not responsible for determining if a crime took place. The report should be made based solely on the information provided to the CSA, including the date and time of the incident, location, names of perpetrators and witnesses, as well as a description of the incident.

## Professional Counselors

Campus “Professional Counselors” are those employees whose official responsibilities include providing psychological counseling to members of the NVU community and who are functioning within the scope of his or her license or certification. Such individuals are not considered to be a campus security authority when acting in this capacity and are not required to report crimes directly to Public Safety or local law enforcement. However, as a matter of policy, counselors are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary, confidential basis for inclusion in the annual crime statistics. See Policy 311-A, discussed below, for the reporting requirements for NVU’s

counselors and health services professionals with respect to alleged violations of Policy 311-A's prohibition on sexual harassment, sexual exploitation, dating violence, domestic violence, sexual assault, and stalking.

## **Emergency Response and Evacuation Procedures**

NVU has developed an Emergency Operations Plan that includes information about NVU's operating procedures, incident priorities, and performance expectations; shelter-in-place and evacuation guidelines; and local contingency and continuity planning requirements. Individual departments are responsible for developing contingency plans and continuity of operations plans for their staff and areas of responsibility. The University Emergency Management Team, comprised of campus administrators, is responsible for developing, maintaining, and testing the plan on an annual basis. These tests are designed to assess and evaluate the emergency plans and capabilities of the institution. Before a drill or test, NVU will publicize emergency response and evacuation procedures in conjunction with the drill or test. NVU will document for each test a description of the exercise, the date, time, and whether it was announced or unannounced. NVU is one of the members of the Local Emergency Planning Commission for Lamoille County and works with local responders such as Ambulance, Fire, and Police agencies in both Lamoille County and Caledonia County.

The Public Safety Officers and members of the Emergency Management Team have received training in Incident command and how to respond to critical incidents on campus. When a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually the Public Safety Department, the Vermont State Police or the Lamoille County Sheriff's Department, and the Johnson or Lyndonville Fire Department and they typically respond and work together to manage the incident. Depending on the nature of the incident, other NVU Departments and other Town agencies or federal agencies may also respond to the incident.

For more information about Emergency Preparedness please visit:

<https://www.northernvermont.edu/services/campus-safety>

## **Notification to the NVU Community about an Immediate Threat**

From time to time, the Public Safety Departments may receive word of potential emergencies or dangerous conditions from various offices/departments or from off-campus sources. If it is confirmed that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the NVU community, a campus or university-wide warning will be issued. Public Safety will coordinate with appropriate offices to determine the content of the message and will use some or all of the systems described below to communicate the threat to the community or the appropriate segment of the community if the threat is limited to a particular building or segment of the population. NVU will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders

(including, but not limited to Public Safety, local Law enforcement agencies, local fire, and emergency medical services), compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

In the event of a serious incident that poses an immediate threat, as determined by Public Safety or a local law enforcement agency, to members of the community, NVU has various systems in place for communicating information quickly to those individuals. Some or all of these methods of communication may be activated in the event of an immediate threat to the campus community. These methods of communication include:

- Email notification to individual NVU email addresses of record
- Cell phone text messages to Campus Alert subscribers\*
- Push notifications to Rave Guardian Subscribers\*\*
- Audible instructions/announcements utilizing the campus Public Address System (Johnson Campus only)
- Online announcements on the NVU web portal: <https://portal.vsc.edu/>
- Online announcements on the public NVU website: <https://NorthernVermont.edu/>

Notifications are typically issued by the Director of Public Safety, the Officer on duty, the Director of Communications, the Dean of Students, the Director of Residence Life, or by a member of the University's Emergency Management Team.

## How to sign up for campus alerts

\*The NVU Campus Alert system is available free of charge to NVU students, staff, and faculty. Students, Staff, and Faculty are automatically signed up for this service annually, however, everyone is required to sign in to this service and update contact information. Visit: [www.NorthernVermont.edu/GetRave](http://www.NorthernVermont.edu/GetRave). If you need assistance or are not sure if you are set up to receive alerts, please contact Public Safety at (802)-635-1205 on the Johnson campus or 802-626-6452 on the Lyndon campus.

## How to sign up for Rave Guardian

\*\*The Rave Guardian mobile app is a companion service connected to our existing Rave Alert system. The free app is available for download at the [Google Play](https://play.google.com/store/apps/details?id=com.raveguardian) or [Apple App Store](https://apps.apple.com/us/app/rave-guardian/id1444444444). Note that only currently enrolled students, staff and faculty have access to the NVU Rave Guardian service. The app provides users with key features—an inbox, safety timers, call directory, content directory, public safety quick links, and emergency call functionality—allowing users and Public Safety to communicate more quickly. The quick links will provide local and national help resources in addition to our NVU-Johnson Wellness Center and NVU-Lyndon Health and Counseling Center. The app also features geo-targeting capability between selected contacts while users are traveling on or near campus.

## Emergency Evacuation Procedures

Information about evacuation procedures is outlined in the *Student Handbook* (found here: <https://www.northernvermont.edu/academics/resources/student-handbook>) and evacuation plans are posted in all residential areas. Additionally, information about emergency evacuation procedures is shared during fire drills that take place throughout the year. Members of the Residence Life Staff are trained in these procedures and serve as an ongoing resource for students living in residential facilities.

The University Emergency Management Team periodically conducts tabletop exercises and conducts follow-through activities, designed for assessment and evaluation of emergency operation plans and capabilities. The Residential Life Department, with assistance from the Public Safety Department, coordinates fire drills each semester to test the emergency response and evacuation procedures. These help the University to assess and evaluate the emergency evacuation plans and capabilities. NVU will publish a summary of its emergency response and evacuation procedures in conjunction with at least one drill or exercise each calendar year.

## Timely Warnings

If a situation arises, either on or off-campus, that, in the judgment of the Director of Public Safety or other University Administrators, constitutes an ongoing or continuing threat, a campus-wide timely warning will be issued by the Public Safety Department. The warning may be issued through NVU e-mail systems to students, faculty and staff, or through postings in potentially affected buildings or residence halls. NVU will withhold as confidential the names of victims when issuing timely warnings.

All incidents of crime should be reported promptly to the Department of Public Safety so that timely warnings to the community can be made, if appropriate. Reporting crimes promptly will also ensure that the report is included, if appropriate, in NVU's annual security report. Criminal activity occurring off-campus, but adjacent to campus property, is handled by the Lamoille County Sheriff's office.

## Daily Crime Log

A daily crime log is kept in the Public Safety office of each campus and can be found online at <https://www.northernvermont.edu/services/campus-safety>. Note that each campus has a separate log.

This log is also available in the Public Safety office during normal office hours and includes a list of alleged criminal incidents, including non-Clery Act crimes, reported to Public Safety over the previous 60 days.

## Missing Students who reside on campus

In compliance with the Missing Student policy in the U.S. Department of Education's Handbook for University Safety and Security Reporting, all residential students are asked to identify a contact person or persons whom the institution shall notify within 24 hours of the determination that the student is missing. The missing student contact person can be anyone, including the same person identified as the student's emergency contact person.

The missing student contact person's name is confidential and will be accessible only to authorized University officials, and may not be disclosed, except to law enforcement personnel in furtherance of a missing person investigation.

### How to report a suspected missing student:

Should any NVU Community member be aware or suspect that a student is missing, notification to the Public Safety Office should be made immediately by calling one of the following numbers:

NVU-Johnson- (802) 635-1205, ext. 5-1205 from on campus,

NVU-Lyndon- (802) 626-6452, ext. 6-6452 from on campus,

Once a report is submitted, the Public Safety Office will initiate the NVU Missing Student Protocol. The Department will generate a missing person report and initiate an investigation.

If after investigating a missing person report, NVU Public Safety determines that the student is missing and has been missing for more than 24 hours, Public Safety will notify the local Police Agency and the student's emergency contact no later than 24 hours after the student is determined to be missing. NVU may initiate the missing person notification procedure even if the student has been determined to be missing for less than 24 hours.

If the missing student is under the age of 18 and is not an emancipated individual, NVU must notify the student's custodial parent or legal guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student.

## Fire Safety and Fire Statistics in Housing Facilities

In accordance with the 2008 changes to the Higher Education Opportunity Act, institutions like NVU that maintain on-campus housing shall, on an annual basis, publish a fire safety report. For compliance purposes, this report is contained in this section of this annual report. Reporting a fire is everyone's responsibility. A daily fire log is kept in the Public Safety offices in accordance with the Clery Act. This log is available for review during normal office hours and includes any reported fires within the last 60 days. The log contains the date the fire was reported, the nature of the fire, the date and time of the fire, and the general location of the fire.

## **Reporting a Fire**

If a fire occurs on an NVU campus property, community members should immediately call 911. This will ensure that the Fire Department is notified and can respond. If a member of the NVU Community finds evidence of a fire that has been extinguished and it is unclear whether the fire has been reported to Public Safety, the community member should immediately notify Public Safety so the Department can investigate and document the incident.

## **Fire Alarms and Evacuating**

Fire alarms alert community members of a potential hazard and community members are required to heed their warning and evacuate a building immediately upon hearing a fire alarm in a facility. Use the nearest stairwell and/or exit to leave the building immediately. Community members should familiarize themselves with the exits in each building. When a fire alarm is activated, the elevators will stop automatically. Occupants should use the stairs to evacuate the building. If you are caught in the elevator push the emergency phone button. All emergency phones in elevators on campus ring directly to Public Safety. NVU publishes this report as part of its annual Fire Safety Report, which contains information with respect to the fire safety practices and standards for NVU. This report includes statistics concerning the number of fires, the cause of each fire, the number of injuries and deaths related to a fire, and the value of the property damage caused by a fire. Information on Fire Safety can be accessed via the NVU website at:

<https://www.northernvermont.edu/academics/resources/student-handbook>

## Fire Safety Improvements and Upgrades

NVU regularly reviews the fire systems in our residence halls and makes upgrades, repairs, or revisions when problems are identified.

NVU-Johnson Campus: No fire safety improvements or upgrades were made in 2021.

NVU-Lyndon campus: No fire safety improvements or upgrades were made in 2021.

As of 2018 smoking is prohibited in all NVU campus buildings, including the residence halls, and anywhere on both campuses.

## **Residence Hall Fire Drills**

Fire drills are held once a semester for each residence hall. Fire drills are mandatory supervised evacuations. The fire drill is scheduled with Public Safety, residence life staff, and the local fire department. Evacuation route maps and detailed instructions on evacuating appropriately are posted in each residence hall suite showing the closest exit route to the assembly area outside. Students who fail to leave the residence hall during a fire drill may be sanctioned.

## **Fire Life Safety Education**

Fire Safety Guidelines – The following actions violate the fire safety code and are prohibited:

- Smoking, vaping, or tobacco use of any type in the residence halls and campus apartments
- Open flame or fire (i.e. candles or incense)
- Decorative lights - unless they are LED
- Live trees or wreaths
- Additional furniture

## **Fire/Life Safety Inspections**

Annually personnel from the Physical Plant Department perform a fire and safety inspection in each residence hall room at NVU. Typically fire and safety inspections are conducted nightly by Public Safety officers in each residence hall. The goal is to ensure exterior doors are accessible to authorized persons and that exit signs, life safety equipment, and points of egress are marked and available for use. Room fire safety inspections are conducted regularly in the residence halls by residence life staff. Most often, these inspections take place during scheduled breaks.

## Outdoor Fires

Any student or group that wishes to have an outdoor fire of any kind on University premises must submit a request to the Department of Student Life. The department will then notify the local fire department and request a permit from the town for the fire. Fires are permitted only if conditions are safe. Any unauthorized fire found on University premises will be immediately extinguished and those responsible will be subject to disciplinary action, including the costs associated with cleanup.

## Tobacco/Smoking Policy

In keeping with the Vermont State Colleges System Policy 314, all campuses within the VSCS have committed to becoming tobacco-free\*. At NVU, we desire to ensure a safe and healthy environment for all students as well as staff and visitors who work and use our facilities.

All university-owned grounds and buildings, including residence halls and campus apartments, are tobacco-free. Please access the website or portal for additional information related to our tobacco-free campus policy.

\*Per this policy, tobacco is defined as any manufactured product containing tobacco or nicotine, including but not limited to cigarettes, cigars, pipe tobacco, snuff, chewing tobacco, dipping tobacco, shisha, pipes, water (hookah) pipes, dissolvable tobacco products, electronic cigarettes, other electronic or battery-powered vaping devices and all forms of smokeless tobacco.

\*As of September 1, 2019, it is illegal for a person under 21 years of age in Vermont to possess, purchase, or attempt to purchase tobacco products, tobacco substitutes, or tobacco paraphernalia.

Damaged or faulty equipment is replaced or repaired promptly after it is reported.

## Security Awareness and programs

Each campus offers incoming students information about campus security procedures and practices. The NVU community is encouraged to be proactive and to take responsibility for their safety. At orientation, Public Safety presents information to new students during orientation and an annual e-mail with safety-related policies relevant to staff, faculty, and students is issued each semester. Overwhelmingly, students tell us that they feel NVU is a safe place to be. Students report feeling it is a safe environment in which to live and learn. Public Safety and the Office of Residence Life are committed to student safety and strive to be proactive in delivering tools to help students protect themselves and their property from the unexpected.

Safety is a shared responsibility and you can actively be engaged in keeping our community safe by being alert and reporting all crimes or other suspicious activity. Additionally, residential students have regular floor meetings in which safety topics are discussed. Additional crime prevention and safety information is included in the *NVU Student Handbook* which is published annually in the Fall and provided electronically to all students.

## Emergency Procedures

NVU has created an Emergency Response Plan that covers several emergencies. Please visit this link to review this material: <https://www.northernvermont.edu/services/campus-safety>. (Click on either Johnson or Lyndon Public Safety and then Emergency Operations Plan to view this document.)

## Residence Hall Security

Residence halls are locked 24 hours a day, 7 days a week. Only residents, Residence Life, Maintenance, and Public Safety staff have access to individual residence hall rooms.

All residence halls on both campuses have electronic access to all exterior entrances. In addition, individual room doors on the Johnson campus, except for the campus apartments, have electronic locks for added security. These locks cannot be left in an unlocked state. Faulty or non-operational locks should be reported immediately to residence hall staff or Public Safety.

## Weapons

Additional information is available in the NVU *Student Handbook* found here:

<https://www.northernvermont.edu/academics/resources/student-handbook>

## Drug and Alcohol Policy

In support of NVU's Medical Amnesty/Good Samaritan policy, NVU's first concern is a student's health and safety. If a student should find him, herself, or a fellow student in an unsafe situation involving alcohol or drugs, he or she is strongly encouraged to contact the residence life or public safety staff. The focus of the University's response will be on ensuring the safety of the students involved, rather than on disciplinary action.

Students who violate this policy are subject to internal disciplinary action, as well as criminal penalties pursuant to federal, state, and local laws. Students may also be held accountable under civil law and/or University policies. When these areas of jurisdiction overlap, the University reserves the right to follow its normal disciplinary process whenever a student is accused of a criminal act that also violates University policy, regardless of legal disposition.

Any behavior due to the use of alcohol or other drugs that disrupts the academic or University community may result in disciplinary action.

All students, faculty, staff, and visitors are subject to local, state, and federal laws, as well as the University drug and alcohol policy rules and regulations, while on NVU property or while participating in off-campus activities sponsored by the University.

Additional information is available in the NVU *Student Handbook* found here:

<https://www.northernvermont.edu/academics/resources/student-handbook>

## Marijuana

Despite the change in Vermont's state law, federal law continues to prohibit marijuana use, possession, and cultivation at educational institutions and on the premises of all recipients of federal funds. Northern Vermont University and all member institutions of the Vermont State College System ("VSCS") receive federal funding in the form of student financial aid (grants, loans, and work-study programs), as well as through federal research grants. As a condition of accepting this federal money, VSCS's member institutions are required to certify that they comply with the Drug-Free Schools and Communities Act. Under this Act, the VSCS's member institutions must adopt and implement programs to prevent the unlawful possession, use, or distribution of illicit drugs or alcohol by students and employees. Marijuana continues to be classified as a controlled substance under federal law and therefore continues to be prohibited on campus grounds.

## Alcohol Policy

- The use or possession of alcoholic beverages or tobacco products by persons under 21 years of age is prohibited. Empty containers in the room of an underage student count as a possession.
- Supplying alcohol to persons under 21 years of age is prohibited. This includes underage students supplying alcohol to other underage students.
- Students of age who are otherwise permitted to use or possess alcohol in their room or apartment may only do so in the presence of other students that are also of age. The only exception to this is an underage roommate. This exception only applies when the roommate is the only person present. This exception does not permit the under-age roommate to use alcohol.
- Students 21 years old and older may possess up to one six-pack of 12 oz. beers, *OR* one 750 mL bottle of wine, *OR* one 375 ml bottle of hard liquor. Empty containers are included in the count. Students of age, in a designated substance-free living area, may not possess any alcohol per the substance-free agreement.
- Kegs, tap systems, or any other bulk delivery system for alcohol are not permitted.

The consumption of alcohol in public areas is strictly prohibited. All alcohol transported through public areas must be unopened. Public areas include, but are not limited to stairwells, balconies, laundry rooms, lounges, public restrooms, outside ground areas, recreation fields, athletic playing surfaces, disc golf course and parking lots, elevators, hallways, lobbies, office areas, and vending areas.

All students and visitors to the University must abide by Federal and Vermont State Laws, the University's code of conduct, and other University policies. Students are responsible for enforcing the alcohol/drug policy with their guests.

## Public Intoxication

University officials are authorized to contact emergency and/or law enforcement services when life or community threatening behaviors are exhibited. These include the following:

- Impaired fine and gross motor skills as evidenced by significantly slurred speech, staggering gait, or inability to stand without support,
- Impaired level of consciousness as evidenced by confusion or inability to clearly express awareness of information relating to time and place,
- Display of a barely conscious or semi-stuporous state despite verbal and tactile attempts to wake a student.

## Consequences for Violations of the Alcohol/Drug Policy

The following are minimal consequences that students may expect to receive if they are found responsible under the NVU alcohol and drug policy. Additional consequences may apply as determined by the University or as mandated within state and federal law.

First Violation:

- Parental or guardianship notification
- Educational service hours or other administrative sanctions as deemed appropriate

- Meeting with a professional Residential Life Staff Member

Any subsequent violation of NVU's alcohol or drug policy may result in additional administrative sanctions. Depending on the severity of the violation, the following sanctions may be imposed:

- Parental or guardianship notification
- Educational service hours or administrative sanctions as deemed appropriate.
- Meeting with a member of the NVU counseling staff
- Off-Campus Substance Abuse Evaluation with a licensed alcohol or drug counselor
- Administrative hearing, which may result in removal from University housing for the remainder of the academic year
- Suspension or dismissal from the University

The University reserves the right to impose additional sanctions as deemed appropriate. The University will place a hold on student academic records (i.e. transcripts, registration, grades, etc.) in cases of failure to comply with administrative sanctions or educational service hours.

Students convicted of a drug law violation are subject to the loss of eligibility for Federal Student Financial Aid.

Note the following: The Family Education Rights and Privacy Act allows notification of parents and/or legal guardians in the case of violations of the University's drug/alcohol policy without student permission or consent. The University will consider informing a parent or guardian of such violations if the student is under 21 years of age.

## **Alcohol and Drug Abuse Prevention Programming**

NVU-Johnson offers several outreach programs to the student community throughout the year in addition to week-long awareness events such as consent week and National Collegiate Alcohol Awareness Week in October. During these awareness weeks, the Student Government Association, Athletics, Student Life, Public Safety, and the NVU-Johnson Wellness Center staff collaborate to provide increased awareness and education in engaging and informative ways. additional outreach and education are also provided from outside community organizations such as the Recovery Center and Clarina Howard Nichols Center. In April, The Wellness Center, in collaboration with the Athletics Department brings awareness and education around Healthy Relationships, Dating Violence,, and Domestic Assault by sponsoring A Walk for the Silent event on campus in addition to a Wellness Center fair which includes information tables hosted by several organizations within Lamoille County.

The University pursues grant funding to support and implement additional programs aimed at reducing relationship violence and alcohol abuse and works with local prevention coalitions and community partners to run social norms and marketing campaigns.

## NVU-Johnson Campus

The NVU-Johnson Wellness Center employs a full-time counselor, two part-time counselors, and graduate interns who are completing their Master's degrees in clinical mental health. Students who violate NVU-Johnson alcohol and/or drug policies may be referred to one of NVU-Johnson's campus-based counselors, as well as receive referrals to off-campus counselors. Self-referred students who are experiencing difficulties related to alcohol and/or drug use are also provided with education, treatment, and referrals to off-campus providers when appropriate.

The NVU-Johnson Wellness Center offers Screening, assessment, psycho-education, and counseling services on campus. Students may self-refer or a required referral by the Dean of Students office due to concerns related to significant Drug or Alcohol use or due to mental health and safety concerns. Students are also welcome to seek other off-campus services. The wellness Center has local referral lists available. All wellness center services are confidential, requiring a written release from the student before any communications or information is shared. Regardless of the reason for referral, the wellness center embraces a holistic, developmental, harm reduction model.

## NVU-Lyndon Campus

NVU-Lyndon offers several proactive program opportunities for students in the form of interactive Residential Life programs and passive information available via bulletin boards and handouts. In addition, the Residential Life staff produces programming in recognition of the week-long awareness event, National Collegiate Alcohol Awareness Week, in October. During this week Residential Life provides increased awareness regarding the psychosocial and health risks associated with alcohol and drug use.

Student Life also partners with Judicial Educators to provide online modules for students in need of extra education around the topic of drugs and alcohol. The modules can be used in a preventative nature or as a response to violations of the code of conduct. Students must receive an 80% when completing the course to 'pass'.

## Where to Get Help

**Faculty and Staff:** If you would like to talk to someone in confidence about a drug or alcohol-related problem, the Employee Assistance Program works closely with both public and private community agencies that provide medical and rehabilitative services to people in need of assistance with alcohol or drug dependency. Contact Nate Sanders, Human Resources Coordinator at 802.626.6410

**Students:** While there is a popular myth that all University students binge drink, the actual national survey statistics show that most University students choose to drink moderately or not at all. There are nonetheless some students who drink in high quantities and/or drink frequently. If you are concerned about your (or someone else's) relationship with alcohol and other drugs, there are a variety of resources available on campus through each campus's Health and Wellness Centers. Alcohol and other drug-related services and

programs including prevention, education, intervention, and treatment are available to all students. Several agencies can provide confidential information and consultation regarding drug and alcohol issues. Contact your campus Health and Wellness center for further information or contact a member of Public Safety or Residential Life and they will assist you.

## **POLICY 311: NON-DISCRIMINATION AND PREVENTION OF HARASSMENT AND RELATED UNPROFESSIONAL CONDUCT**

### **I. NOTICE OF NONDISCRIMINATION**

The Vermont State Colleges and its member Colleges prohibit discrimination and harassment on the basis of a person's race, color, ancestry, ethnicity, national origin, place of birth, sex, sexual orientation, gender identity, creed, religion, disability, age, veteran status, marital status, genetic information, positive HIV-related blood test results, or any other status protected by state or federal law, pursuant to Title IX of the Education Amendments, the Equal Pay Act, the Age Discrimination in Employment Act, the Older Workers Benefit Protection Act, Section 504 of the Rehabilitation Act, the Vietnam Era Veterans Readjustment Assistance Act, the Uniformed Services Employment and Reemployment Rights Act, Title VI and Title VII of the Civil Rights Act, the Genetic Information Nondiscrimination Act, the Americans with Disabilities Act, Vermont's State Employees Labor Relations Act, Vermont's Public Accommodations Act, Vermont's statutory provisions on harassment applicable to postsecondary schools, Vermont's statutory provisions relating to HIV-discrimination and testing, Vermont's Fair Employment Practices Act, and any other applicable state or federal non-discrimination and harassment prevention law, regulation, or policy.

As a recipient of federal funds, the Vermont State Colleges and each member College of the Vermont State Colleges is required to comply with Title IX of the Education Amendments of 1972 (“Title IX”). In accordance with Title IX, as well as other applicable state and federal law, the VSC and its member Colleges prohibit discrimination on the basis of sex in its education programs and activities, admission, and employment. Sexual harassment, which includes acts of sexual violence, is a form of sex discrimination prohibited by Title IX. Title IX also prohibits gender-based harassment, which may include acts of verbal, non-verbal, or physical aggression, intimidation, or hostility based on sex or sex-stereotyping, even if those acts do not involve acts of a sexual nature.

Inquiries concerning the application of Title IX may be referred to the VSC’s Title IX Coordinators or to the United States Department of Education for the Office of Civil Rights. Inquiries concerning discrimination on the basis of other protected categories may be referred to the VSC’s Policy 311 Coordinators, the Vermont Human Rights Commission, the Vermont Attorney General’s Office – Civil Rights Unit, or to the Equal Employment Opportunity Commission. Contact information for the Coordinators is located in Appendix A and contact information for these state and federal agencies is located in Appendix C to the *Chancellor’s Procedures for Implementation of Policy 311: Non-Discrimination and Prevention of Harassment and Related Unprofessional Conduct*.

## **II. POLICY STATEMENT**

The Vermont State Colleges and its member Colleges (collectively the “VSC”) are committed to maintaining an educational and working environment free from discrimination, harassment and related unprofessional conduct. The VSC prohibits discrimination on the basis of a person’s race, color, ancestry, ethnicity, national origin, place of birth, sex, sexual orientation, gender identity, creed, religion, disability, age, veteran status, marital status, genetic information, positive HIV-related blood test results, or any other status protected by state or federal law (collectively “protected categories”). Sexual harassment, racial harassment, and harassment based upon a person’s status in a protected category are forms of discrimination and will not be tolerated. In addition, inappropriate sexual relationships between VSC employees and students, including those that may not otherwise rise to the level of sexual harassment, are prohibited.

## **III. POLICY COVERAGE**

In accordance with Title IX, as well as applicable state and federal law, neither the VSC nor any member College shall discriminate on the basis of the above-listed protected categories in the application processes for admissions or employment, in academic and residential programs, in employment policies and practices, in scholarship and loan programs, in athletic programs, or in any other academic, extra-curricular or VSC-sponsored programs, activities, or facilities. The prohibitions set forth in this Policy also apply to all members of the VSC community, including students, employees, and third parties who come on to campus (such as parents, visitors, independent contractors, and vendors). This Policy covers conduct that occurs off-campus, or through the use of online, electronic or digital technologies, and that has a reasonable nexus to any VSC education program or activity, for example by creating a hostile environment on campus or representing a threat to the safety of members of the VSC community or to the continuance of normal VSC operations.[1]

#### **IV. POLICY INTENT AND OVERVIEW**

This Policy is intended to be read consistently with, and unless otherwise expressly stated, no broader than, Vermont and federal non-discrimination and harassment prevention laws, regulations and policies. Laws prohibiting discrimination and harassment are many and varied at both the state and federal level and apply with some differing standards and consequences to employees, students and visitors. Because harassment is a form of discrimination, it is the intent of the VSC to address all prohibitions related to non-discrimination and prevention of harassment under one comprehensive policy for ease of access and use, consistent with federal law. Certain acts of sexual harassment (including, but not limited to, sexual assault and sexual exploitation), domestic violence, dating violence, and stalking are addressed separately in VSC Policy 311-A, *Sexual Harassment, Sexual Exploitation, Domestic Violence, Dating Violence, Sexual Assault and Stalking*. Sexually harassing behavior that is deemed to meet the definitions of Title IX Sexual Harassment or Non-Title IX Prohibited Conduct under Policy 311-A and the accompanying Chancellor's Procedures for Implementation of Policy 311-A must be addressed under Policy 311-A.

#### **V. DEFINITIONS**

For the purposes of this Policy, unless the context clearly requires otherwise, the following definitions apply. The specific definitions contained in an employee benefit plan will control with respect to any claim arising out of that plan.

##### **A. Discrimination**

“Discrimination” means the unlawful refusal of, withholding from, exclusion from participation in, or denial of any accommodations, advantages, benefits, facilities, privileges, or services of the VSC or its member Colleges on the basis of a person’s race, color, ancestry, ethnicity, national origin, place of birth, sex, sexual orientation, gender identity, creed, religion, disability, age, veteran status, marital status, genetic information, positive HIV-related blood test results, or any other status protected by state or federal law.

##### **B. Harassment**

Under Vermont law, “harassment” means an incident or incidents of verbal, written, visual, or physical conduct or communication, including any incident conducted by electronic means, based on or motivated by a person's or person’s family member’s, actual or perceived race, color, ancestry, ethnicity, national origin, place of birth, sex, sexual orientation, gender identity, creed, religion, disability, age, veteran status, marital status, genetic information, HIV-positive blood test results, or any other status protected by state or federal law that has the purpose or effect of objectively and substantially undermining and detracting from or interfering with a student’s educational performance or access to school resources or an employee’s performance, or creating an objectively intimidating, hostile, or offensive environment.

Harassment includes the use of epithets, stereotypes, slurs, comments, insults, derogatory remarks, gestures, threats, graffiti, display, or circulation of written or visual material, and taunts on manner of speech and negative references to customs related to any of the protected categories.

### **C. Sexual Harassment**

“Sexual harassment” is unwelcome conduct of a sexual nature and it includes *quid pro quo* sexual harassment and hostile environment sexual harassment. Sexual harassment includes physical conduct of a sexual nature, such as sexual assault or other acts of sexual violence. Sexual harassment under Title IX, including sexual assault, is addressed separately in VSC Policy 311-A, *Sexual Harassment, Sexual Exploitation, Domestic Violence, Dating Violence, Sexual Assault and Stalking*. Where conduct is not deemed to meet the definitions of Title IX Sexual Harassment or Non-Title IX Prohibited Conduct under Policy 311-A, the following definitions apply:

- “*Quid pro quo* sexual harassment” generally involves a person in a position of power (such as a supervisor over an employee or a faculty member over a student) pressuring a subordinate employee or a student for sexual favors in exchange for an advancement in the workplace or academically, or under the threat of an adverse employment or academic action being taken. *Quid pro quo* sexual harassment includes situations where, for example, a student or employee is rewarded with a higher grade, a stronger evaluation, or an opportunity for advancement for granting a request for sexual favors or is punished with a lower grade, a less favorable evaluation, or denial of an educational or workplace opportunity for refusing to grant a request for sexual favors. In either case, a person uses the position of power as leverage to pressure another person into complying with a request for sexual favors.
- “Hostile environment sexual harassment” is sexual harassment that creates a hostile employment or educational environment and it is a form of sex discrimination. Examples of sexually harassing behavior that could create a hostile environment under appropriate circumstances include the following where the particular behavior is unwelcome to the person to whom it is directed:
  - Sexual advances, including requests for sexual favors and repeated requests for dates;
  - Intentional unwanted or offensive touching, including fondling;
  - Indecent exposure;
  - Sexually-derogatory comments, including sexually explicit comments, sexually suggestive innuendoes, sexually offensive jokes, and sexual taunts;
  - Obscene or offensive gestures;
  - Images and depictions of a sexual nature, including sexually derogatory or sexually suggestive pin-ups, posters, cartoons, and calendars; and

- o Writings of a sexually derogatory or suggestive nature.

This list is not exhaustive and other unwelcome behavior of a sexual nature, if it is severe and pervasive enough, may constitute sexual harassment. See Section E, Hostile Environment, below for further elaboration.

Conduct is “**unwelcome**” if the person subjected to the alleged sexually harassing behavior did not request or invite it and regards the conduct as undesirable or offensive. The fact that a person willingly participated in conduct on one occasion does not prevent that person from indicating that the same or similar conduct has become unwelcome on a subsequent occasion. If a person actively participates in the conduct, such as sexual banter, without objection, the conduct would not be considered unwelcome.

Sexual harassment may be committed by a stranger, an acquaintance, a colleague, a co-worker, a student, or someone with whom the subject of the harassment has a social, romantic or intimate relationship. Sexual harassment may be committed by or against any individual, regardless of gender, sexual orientation, or gender identity.

## **1. Sexual Harassment of a Student**

Under Vermont law, “sexual harassment of a student” means:

- (a) An incident or incidents of verbal, written, visual, or physical conduct or communication, including any incident conducted by electronic means, based on or motivated by the student’s sex, that has the purpose or effect of objectively and substantially undermining and detracting from or interfering with a student's educational performance or access to school resources or creating an objectively intimidating, hostile, or offensive environment; or
- (b) Unwelcome sexual advances, requests for sexual favors and other verbal, written, visual, or physical conduct of a sexual nature when one or both of the following occur:
  - (1) Submission to that conduct is made either explicitly or implicitly a term or condition of a student's education.
  - (2) Submission to or rejection of such conduct by a student is used as a component of the basis for decisions affecting that student.

## **2. Sexual Harassment of an Employee**

Under Vermont law, “sexual harassment of an employee” means unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

- (a) Submission to that conduct is made either explicitly or implicitly a term or condition of employment; or
- (b) Submission to or rejection of such conduct by an individual is used as a component of the basis for employment decisions affecting that individual; or
- (c) The conduct has the purpose or effect of objectively and substantially interfering with an individual's work performance or creating an objectively intimidating, hostile or offensive work environment.

#### **D. Related Unprofessional Conduct**

“Related unprofessional conduct” on the part of a VSC employee means the initiation of or participation in an amorous or sexual relationship with a VSC student when the employee is, or may reasonably be perceived to be, in a position of power and authority over the student, even if the conduct does not otherwise constitute sexual harassment. Examples include, but are not limited to, situations where the VSC employee is an administrator, instructor, coach, advisor, work study supervisor or counselor for the student, or a member of a committee having responsibility for decisions that affect students.

#### **E. Hostile Environment**

A “hostile work or educational environment” is one in which the alleged conduct is sufficiently serious as to limit or deny the ability of the person subjected to the harassment to participate in or benefit from the employment or educational environment. The severity and pervasiveness of the alleged harassing conduct is evaluated using common sense and reasonable judgment to determine whether it created an intimidating, hostile or offensive environment. The determination is made from the perspective of a reasonable person, in the position of the person subjected to the alleged harassment, considering all of the relevant circumstances. Factors that may be considered include:

- The degree to which the conduct affected the student’s education or the employee’s employment;
- The type(s) of harassment (for example, whether it was verbal and/or physical);
- The frequency and duration of the harassing conduct;
- The identity of, and relationship between, the alleged harasser and the subject of the harassment;
- The number of individuals engaged in the harassing conduct (for example, a group of students targeting a single student); and
- The setting(s) and context(s) in which the harassing conduct occurred.

Generally, the more severe the conduct, the less need there is to show a repetitive series of incidents to establish a hostile environment, particularly if the harassment was physical. Harassing conduct may violate this Policy if, for multiple instances of conduct, it is so pervasive that when viewed from an objective standard

of a similarly-situated reasonable person, it substantially and adversely affected the targeted student's or employee's educational or employment opportunities or benefits. A single incident of harassing conduct may violate this Policy if the conduct is so severe that, when viewed from an objective standard of a similarly-situated reasonable person, it substantially and adversely affected the targeted student's or employee's equal access to educational or employment opportunities or benefits.

#### **F. Retaliation**

"Retaliation" against any person for reporting a violation of this Policy, for filing a complaint pursuant to this Policy, or for cooperating in an investigation under this Policy includes, but is not limited to: (1) pressuring a person to drop or not support a complaint; (2) encouraging a person to provide false or misleading information; (3) engaging in conduct that may reasonably be perceived to affect adversely that person's educational, living or work environment; (4) threatening, intimidating or coercing the person; or (5) otherwise discriminating against any person for exercising their rights and responsibilities under this Policy.

### **VI. FREEDOM OF SPEECH**

The VSC recognizes that the protection of free and open speech and the open exchange of ideas are essential to any academic or artistic community, and crucial for the activity of scholars and artists. The VSC also recognizes its obligation under policy and collective bargaining agreements to respect the academic freedom of faculty members. This Policy is meant neither to proscribe nor to inhibit discussions, in or out of the classroom, of complex, controversial, or sensitive matters, including race, color, ancestry, ethnicity, national origin, place of birth, sex, sexual orientation, gender identity, creed, religion, disability, age, veteran status, marital status, genetic information, or HIV-positive status, when in the judgment of a reasonable person such discussions arise appropriately and with respect for the dignity of others. The VSC is a community of learners and as such recognizes and affirms that free, honest intellectual inquiry, debate, and constructive dialogue are vital to the academic mission of the VSC and must be protected even when the views expressed are unpopular or controversial.

The VSC also recognizes, however, that verbal conduct can be used specifically to intimidate or coerce and to inhibit genuine discourse, free inquiry, and learning. Such abuses are unacceptable. If someone believes that another's speech or writing is offensive, wrong, or hurtful, he or she is encouraged to express that judgment in the exercise of his or her own freedom of speech or to seek redress when appropriate.

### **VII. PROHIBITIONS**

#### **A. Discrimination and Harassment**

All members of the VSC community are expressly prohibited from:

- (1) Discriminating against a student or employee on the basis of a protected category;

(2) Harassing a student or employee on the basis of a protected category; or

(3) Sexually harassing a student or employee.

**B. Related Unprofessional Conduct**

Employees of the VSC are expressly prohibited from engaging in related unprofessional conduct with students.

**C. HIV-related Blood Test**

Under Vermont law, it is unlawful for the VSC or any member College to request or require any applicant, prospective student, or current student to have an HIV-related blood test or to discriminate against an applicant, prospective student, or current student on the basis of a person's having a positive test result from an HIV-related blood test.

Under Vermont law, it is unlawful for employers and labor organizations to discriminate against, indicate a preference or limitation, refuse properly to classify or refer, or to limit or segregate membership on the basis of a person's having a positive test result from an HIV-related blood test or to require an applicant, prospective employee, employee, prospective member, or member to have an HIV-related blood test as a condition of employment or membership, classification, placement, or referral.

**D. Retaliation**

Retaliation against any person for reporting a violation of this Policy, filing a complaint, or cooperating with an investigation into an alleged violation of this Policy is prohibited and will be considered a violation of this Policy. Retaliation under this Policy may be found whether or not the underlying complaint is ultimately found to have merit. A complaint of retaliation should be reported, and will be investigated and adjudicated, using the procedures implementing this Policy.

**E. False Information**

Providing false information in connection with a complaint under this Policy or intentionally misleading officials in the investigation or resolution of such a complaint is prohibited and may result in disciplinary action.

**VIII. DUTY TO COOPERATE**

All students and employees have a duty to cooperate in investigations undertaken pursuant to this Policy and are expected to provide complete, accurate, and truthful information. They may be asked to sign statements or other documents memorializing the information they provide, and may be asked to keep the substance of any interview confidential, to the extent permitted by law. Failure to cooperate fully with an investigation may subject the individual to the full range of disciplinary actions, up to and including expulsion or termination.

All actions taken to investigate and resolve complaints through this procedure shall be conducted with as much privacy, discretion and confidentiality as possible without compromising the thoroughness and fairness of the investigation. All persons involved are expected to treat the situation under investigation with respect. To conduct a thorough investigation, the investigator(s) may discuss the complaint with witnesses and those persons involved in or affected by the complaint, and those persons necessary to assist in the investigation or to implement appropriate disciplinary actions. Nothing herein shall be deemed to limit the procedural rights of unionized and other employees with regard to such investigations.

## **IX. SANCTIONS**

Violation of the prohibitions set forth in this Policy is grounds for discipline up to and including the dismissal/expulsion of students or the termination of employees. Generally, the range of sanctions for **students** includes verbal and written warnings, written reprimands, counseling, loss of privileges, probationary status, removal from College housing, suspension, dismissal/expulsion, revocation of degree, and/or withholding of transcript or other action determined to be appropriate under the circumstances. Generally, the range of sanctions for **employees** includes verbal warnings, written warnings, written reprimands, probation, suspension, termination of employment, non-renewal of a contract, or other action determined to be appropriate under the circumstances.

The VSC may also impose certain non-disciplinary remedial actions where appropriate, such as required counseling or training for the respondent and/or a group of students or employees, to stop the misconduct, prevent its recurrence, and remedy its effects. Additional non-disciplinary outcomes, such as extending and modifying no contact orders, room changes, class changes, work schedule changes, building restrictions, and extracurricular activity restrictions may also be imposed, regardless of the finding, to maintain an environment free from discrimination and harassment.

Conduct that violates this Policy may also be unlawful and expose a person engaging in such conduct to civil and/or criminal sanctions.

Misconduct that does not violate this Policy may violate other VSC policies, student handbooks, codes of conduct, or collective bargaining agreements and, if so, shall be handled as set forth in such other documents.

## **X. PROCEDURES**

The Chancellor shall establish and periodically update the procedures for handling complaints alleging violations of this Policy and for developing educational programs designed to prevent such conduct. Such procedures shall be consistent with Vermont and federal legal requirements and any collective bargaining agreements governing the rights and responsibilities of the VSC, its member Colleges and employees. The procedures shall ensure that the VSC and any member College, upon receiving notice of conduct that allegedly violates this Policy, promptly and impartially investigates such complaints and, where complaints are substantiated, takes prompt and appropriate remedial action reasonably calculated to stop the misconduct, prevent its recurrence, and remedy its effects, if necessary.

The procedures established by the Chancellor may be modified as necessary to comply with federal and state law and to ensure that complaints of discrimination and harassment are promptly and impartially investigated and adjudicated.

Students who have concerns about perceived discrimination, harassment, related unprofessional conduct, or retaliation are encouraged to report their concerns as soon as possible. Employees who learn of an incident of discrimination, harassment, related unprofessional conduct, or retaliation are required to report this information as soon as possible, as set forth in the accompanying procedures.

The VSC's primary goals in responding to violations of this Policy are to promote the safety of the VSC community, to address discrimination and harassment, and to prevent discrimination and harassment from recurring. Individuals should not be deterred from reporting a violation of this Policy because alcohol, drugs, or violations of other VSC's policies were involved in the incident. VSC officials may, in their discretion and on a case-by-case basis, decide not to pursue relatively minor drug, alcohol, or other policy violations related to alleged violations of this Policy or, if they do pursue such violations, to handle them separately from complaints brought under this Policy.

**A. Standard of Proof**

The standard of proof applicable to the investigation and adjudication of complaints under this Policy shall be "by a preponderance of the evidence," meaning that it is more likely than not (*i.e.* there is more than a 50% likelihood) that the alleged actions or behavior in violation of the Policy occurred.

**B. Coordinators**

The Chancellor (for the Office of the Chancellor) and the President of each member College (for each College) shall appoint individuals to coordinate efforts to carry out and comply with: (1) Title IX of the Education Amendments of 1972 and the other federal and state laws prohibiting discrimination and harassment on the basis of a protected category; and (2) Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. Contact information for the coordinators shall be attached to the Chancellor's Procedures.

**XI. POLICY DISTRIBUTION AND EDUCATION**

The Colleges and the Office of the Chancellor shall distribute or make available annually copies of the Policy and related procedures for all students and employees. The Colleges and the Office of the Chancellor will make available appropriate educational materials and programs to facilitate understanding and implementation of this Policy for all students and employees.

### **III. REPORTING VIOLATIONS OF POLICY 311**

#### **A. Advice and Information**

Any person (including students, employees, and third parties) who believes she or he is the victim of discrimination, harassment or related unprofessional conduct, or who has information about alleged violations of Policy 311, may seek advice or information on reporting violations and how to file a complaint from the Title IX/Policy 311

Coordinator, an ADA/Section 504 Coordinator (for disability discrimination and disability harassment), a designated contact person, or a Responsible College Administrator.

Individuals with a disability may request accommodations to ensure their full and equal participation in reporting violations of Policy 311, as well as in the investigatory and adjudicatory process under this Policy. Requests for accommodations in the Policy 311 process are determined on an individual basis by the Title IX or Policy 311 Coordinator, in consultation with the ADA/Section 504 Coordinator as appropriate. Individuals with questions about the accessibility of an institution's Electronic Information Technology should contact the institution's EIT Coordinator.

Students and employees are encouraged to report instances of harassing behavior, even if the alleged conduct is not sufficiently severe or pervasive as to create a hostile work or educational environment, so that the behavior may be addressed before it creates a hostile environment for the affected individual and in a manner reasonably calculated to prevent its recurrence.

The VSC encourages the accurate and prompt reporting of any misconduct, including sexual harassment, which rises to the level of criminal conduct to a member College's Office of Public Safety, to the Dean of Administration at Community College of Vermont, and/or to state or local law enforcement.

#### **B. Reporting Obligations of Employees**

Except in circumstances where an employee is acting within the scope of his or her role as a specifically-designated confidential resource, employees who are aware or have been made aware of incidents of prohibited discrimination, harassment or related unprofessional conduct are required to report this information to one of the following: a Title IX/Policy 311 Coordinator, a designated contact person, the Dean of Students, the President, or, if the employee works in the Office of the Chancellor, to the Director of Human Resources.

Employees are not expected to and should not investigate alleged incidents, unless this is part of their job duties or they are assigned to investigate a complaint made under this Policy. The report should include all known relevant details, including a description of the alleged incident(s), the names of anyone involved or present, the date, time, and location.

Failure by an employee to report such incidents may result in disciplinary action. The procedures and mutual obligations of the VSC and the employee under any collective bargaining agreement, or the VSC personnel handbook, will apply to any such disciplinary action.

#### **IV. PROTECTIVE MEASURES**

Sometimes it may be necessary to take steps to protect the rights and interests of a complainant before or during an investigation so that the complainant feels safe in his or her work or educational environment. Upon request, the Title IX/Policy 311 Coordinator, with the assistance of other VSC officials as appropriate, will provide complainants with appropriate protective measures. Protective measures may include, but are not limited to, altering academic or work schedules, altering transportation arrangements, changing living arrangements, issuing no contact or no trespassing orders, placing an employee on leave, or suspending a student. Any measure taken should seek to minimize the burden on the complainant while respecting the due process rights of the respondent. The temporary imposition of any protective measure does not indicate a presumption of guilt, nor does it preclude subsequent disciplinary action.

Interim measures may be offered as appropriate to the respondent, as well as the complainant. Assessment of a party's need to receive an interim measure will generally be made on an individualized basis, as appropriate, based on information gathered by the Title IX/Policy 311 Coordinator. The measures needed by each party may change over time and the Title IX/Policy 311 Coordinator should communicate with the parties throughout the investigation to evaluate whether the measures provided are necessary and effective based on the parties' evolving needs.

If the VSC has reasonable cause to believe that a student accused of violating Policy 311 poses a substantial threat to him or herself, the alleged victim, other people, property, or the continuance of normal VSC operations, the VSC may suspend the student for an interim period, pending the outcome of the disciplinary process. Careful consideration should be given to alternative interim measures, such as changing class schedules, changing residence hall assignments, and issuing no contact orders, before imposing an interim suspension, so as to avoid depriving a student of his or her education where possible.

An interim suspension may not be imposed without prior notice to the student (either written or oral) of the contemplated suspension and the factual basis for it. The student will have forty-eight hours in which to submit a letter to or appear personally before the Dean of Students (or the Dean's designee) to contest the interim suspension. The Dean of Students (or the Dean's designee) will consider: (1) the reliability of the identification of the student; and (2) whether the alleged conduct, if true, based on the surrounding circumstances, reasonably indicates that the continued presence of the student on campus poses a substantial threat to him or herself, the alleged victim, other people, property, or the normal operations of the VSC. The Dean (or the Dean's designee) may require the student to meet certain conditions in lieu of an interim suspension. Unless the Dean of Students (or the Dean's designee) determines that it would be unreasonably difficult or dangerous to delay the interim suspension, the student will have the opportunity to be heard in person or in writing before the interim suspension takes effect.

## **V. FILING A COMPLAINT**

Any member of the VSC community who believes that she or he has been subjected to conduct that violates Policy 311, or who has information about an alleged violation, may file a formal or informal complaint.

### **A. Timing**

A complaint should be filed as soon as possible but in no event later than 180 calendar days from the date the complainant reasonably becomes aware of the discrimination, harassment or related unprofessional conduct that is alleged to have occurred. Filing may be permitted beyond the 180-day deadline where extraordinary circumstances are present and documented.

### **B. Informal Complaint**

An informal complaint may be made, either orally or in writing, to a designated contact person, Title IX/Policy 311 Coordinator, or member College administrator, alleging a violation of Policy 311 and specifically requesting an informal resolution process. Examples of informal resolution processes include a meeting between the parties to the complaint, a meeting between a designated contact person or Responsible College Administrator and the respondent, a letter to the respondent requesting that the offending behavior cease, or other informal methods reasonably calculated to stop the offending behavior and to prevent its recurrence.

Participating in an informal complaint resolution process is not required before filing a formal complaint, nor does it prevent a complainant from filing a formal complaint. A complainant has the right to end the informal complaint process at any time and begin the formal complaint process or pursue other legal options.

### **C. Formal Complaint**

A formal complaint is a written statement, signed and dated by the complainant, alleging a violation of Policy 311, which is submitted to a Title IX/Policy 311 Coordinator or designated contact person, or to one of the following Responsible College Administrators or their designee ("RCA"):

- (1) The Dean of Students, if the complaint is against a student;
- (2) The President of the College, if the complaint is against an employee of that member College;
- (3) The Director of Human Resources in the Office of the Chancellor, if the complaint is against an employee in the Chancellor's Office;
- (4) The Chancellor, if the complaint is against a President of a member College or the Director of Human Resources in the Chancellor's Office; or
- (5) The Chair of the Board of Trustees, if the complaint is against the Chancellor.

A formal complaint may be hand-delivered, sent by mail, or submitted by e-mail. The complaint should include a description of the alleged conduct, the date(s) and time(s) it occurred, the name of the respondent, the circumstances surrounding the alleged conduct, and the identity of any person who may have knowledge or information about the conduct. Individuals with a disability may request assistance in reporting violations of Policy 311 from the Title IX/ Policy 311 Coordinator or the ADA/Section 504 Coordinator.

Unionized employees also have the right to file grievances under their collective bargaining agreements, alleging violations of the non-discrimination provisions of those contracts, and in accordance with the procedures of those contracts.

### **D. Complaint brought by the VSC**

The VSC may investigate and pursue disciplinary action against a respondent whose conduct allegedly violates Policy 311 in the absence of an informal or formal complaint, or as otherwise deemed appropriate by the College. If this occurs, the VSC will follow the procedures set forth below to the extent reasonably possible and may extend the full rights of a complainant, as defined in this policy, to affected parties as deemed appropriate by the Title IX/Policy 311 Coordinator, as applicable.

### **E. Preliminary Evaluation**

The Title IX/Policy 311 Coordinator or a designated contact person will conduct a preliminary evaluation of the complaint to determine whether the allegations, if true, would constitute a violation of Policy 311. If the alleged actions of the respondent would be a violation of VSC Policy 311-A, *Sexual Harassment, Sexual Exploitation, Domestic Violence, Dating Violence, Sexual Assault and Stalking*, that policy and the Chancellor's Procedures for Implementation of Policy 311-A will control the processing of the report, including notice, investigation,

adjudication, sanctions (if any) and appeals. If the alleged actions of the respondent do not meet the definitions of Prohibited Conduct in Policy 311-A, but would constitute a violation of Policy 311, the procedures set forth below will be followed. If the alleged actions of the respondent would not be a violation of this Policy, the evaluator will consider whether the alleged actions would otherwise subject the respondent to discipline under any other VSC policy, policies of the member College, any collective bargaining agreement, or personnel handbook. If so, the procedures applicable for handling such other alleged offenses will be followed. No further action, other than to inform the complainant, will be taken if the alleged actions of the respondent as set forth in the written statement, if true, would not constitute an offense subject to discipline.

## **VI. INFORMAL COMPLAINT PROCESS**

If an informal complaint is submitted to a designated contact person or member College administrator, the designated contact person or member College administrator will notify the Title IX/Policy 311 Coordinator of the complaint and the details of the alleged incident or behavior. The person to whom the informal complaint was submitted, the Title IX/Policy 311 Coordinator, or a designee, will then meet with the complainant to discuss the incident or behavior that is of concern and the informal dispute resolution options open to the complainant, as well as the option to file a formal complaint or pursue available legal remedies.

## **VII. FORMAL COMPLAINT PROCESS**

### **A. Preparing the Complaint**

The complainant will meet with the Title IX/Policy 311 Coordinator or designated contact person to discuss the incident or behavior that is of concern. If the complainant has not already prepared a formal complaint, the complainant will be asked to prepare a written statement describing the alleged conduct. The complainant will be given a physical copy of and/or the links to Policy 311 and its implementing procedures on the VSC's website. Copies of the complaint will be provided to the Title IX/Policy 311 Coordinator, the investigators, and the VSC's general counsel.

### **B. Notice to the Respondent**

The respondent will be informed, in writing, of the alleged policy violation(s) and provided with a summary of complainant's allegations. The notice typically includes the identities of the parties involved, the specific section(s) of Policy 311 and any other policy that has allegedly been violated, a description of the conduct allegedly constituting the potential violation, and the date and location of the alleged violation. The respondent should also be given a physical copy of and/or the links to Policy 311 and its implementing procedures on the VSC's website. The respondent will be notified that taking any retaliatory action (directly or through others) against the complainant or any person involved in the investigation is prohibited and will be considered a separate violation of VSC policy. Copies of the written notice to the respondent will be provided to the investigators and VSC's general counsel.

### **C. Acceptance of Responsibility**

If at any point during the investigation, a respondent chooses to accept responsibility under this Policy, the RCA may issue a determination and impose disciplinary sanctions upon the respondent in accordance with sub-section E below. The RCA may also take other action that is reasonably calculated to address the harassment or discriminatory conduct and prevent its recurrence, including further investigation of the allegations. By accepting responsibility and the imposition of any assigned disciplinary sanction, the respondent waives the right to appeal.

## **D. The Investigation**

### **(1) Appointment of Investigators**

The Title IX/Policy 311 Coordinator shall appoint two investigators to conduct an adequate, reliable and impartial investigation into the alleged violations of Policy 311. The investigators shall conduct an investigation that is prompt, fair, impartial, and appropriate under the circumstances. The nature and scope of the investigation is within the discretion of the investigators. Investigators may be employees of the member College, other VSC employees, or outside investigators.

The complainant and respondent may raise an objection to the selection of a particular investigator if either believes there is a conflict of interest or demonstrable or reasonably perceived bias on the part of the investigator. Any such objections must be raised upon receipt of notice of the appointments. The RCA shall have final authority in the appointment of investigators.

### **(2) Witnesses and Evidence**

The investigators will interview the complainant, respondent, and any witnesses separately. The complainant and respondent will be asked to identify: (a) relevant evidence they would like the investigators to review; (b) witnesses they would like the investigators to interview; and (c) questions they would like the investigators to ask other witnesses. The investigators have discretion as to what evidence to pursue, which witnesses to interview, and which questions to ask, depending on their determination of what they reasonably believe to be related to the issues in dispute.

### **(3) Advisors**

Complainants and respondents may have an advisor of their choosing present at any interview or meeting with investigators.[1] Any such advisor may advise the complainant or respondent privately, but cannot act as a speaking advocate. An investigator may terminate the meeting and proceed with the investigation based on otherwise-available information if an advisor refuses to comply. Because a Policy 311 investigation may lead to discipline, a respondent who is a bargaining unit member has the right to be accompanied to the interview by a union representative.

### **(4) Additional Policy Violations**

If, in the course of the investigation, other allegations against the respondent surface which could result in discipline under this Policy, other VSC policies, policies of the member College, any collective bargaining agreement, or personnel handbook, the investigators will inform the respondent, in writing, of such allegations. The respondent will be given an opportunity to respond to the additional allegations before the investigators complete their investigation. If the alleged additional violations are unrelated to the allegations contained in the complaint, the VSC may choose to address these separately and not as part of the ongoing investigatory and adjudicatory process.

### **(5) Time-frame**

The investigation will be conducted as promptly as possible, without compromising thoroughness. The investigators will endeavor to prepare their report within forty-five (45) calendar days from their appointment to serve as

investigators, excluding scheduled breaks during the fall and spring semesters. This time frame may be extended for good cause with written notice to the parties of the delay and the reason(s) for the delay.

## **(6) The Investigators' Report**

At the conclusion of the investigation, the investigators will prepare a report setting forth their findings of fact and recommended conclusion. The findings of fact and recommended conclusion will be reached by applying the preponderance of evidence standard, *i.e.*, whether it is more likely than not that the policy was violated.

The report will include:

- (a) A statement summarizing the allegations;
- (b) A procedural summary, including the date the investigators were appointed, the names of the witnesses and dates when each was interviewed, and a list of the documents reviewed;
- (c) Applicable definitions, including the definition of the alleged violation(s) of Policy 311;
- (d) A summary of the relevant exculpatory and inculpatory evidence;
- (e) The investigators' findings of fact, including how they weighted the evidence and reconciled any significant discrepancies in the statements of witnesses;
- (f) The conclusion, in which the investigators explain how the findings of fact are applied to the standards set forth in Policy 311 to reach a determination as to whether the Policy was violated; and
- (g) Any general recommendations for consideration by the RCA, such as trainings, education, or other actions that may reduce/eliminate prohibited misconduct in the future. Unless specifically requested to do so by the RCA, investigators will not make recommendations about possible sanctions.

Typically, the investigators shall send the report to the complainant and respondent, with a copy to the Title IX/Policy 311 Coordinator but, if warranted by the specific circumstances, the Title IX/Policy 311 Coordinator (after consultation with the investigators) may share the report with the parties. To the extent reasonably possible, the parties shall be provided with the report simultaneously. Certain identifying information may be redacted from the materials provided to the complainant and respondent, if necessary, to comply with the Family Educational Rights and Privacy Act of 1974 (FERPA), 20 U.S.C. § 1232g. The parties will each have the opportunity to review the investigators' report and to provide a written response to the report to the investigators within seven (7) calendar days.

The investigators will send the final report, along with copies of any written response to the Title IX/Policy 311 Coordinator. The Title IX/Policy 311 Coordinator will forward the final report, plus any responses and attachments, to the RCA, with copies to VSC's general counsel, the complainant, and the respondent.

## **E. Determination and Sanctions**

## **(1) Student Respondents**

The RCA is not bound by the investigators' report and may accept or reject the investigators' recommended conclusion in whole or in part, or may request additional relevant information before making a final determination. The complainant and respondent may choose to meet with the RCA individually before a final determination is made and may be accompanied by an advisor of their choosing. The advisor may confer privately with the individual, but may not address the RCA directly. The parties have seven (7) calendar days from the date the report is sent to the RCA to request a meeting with the RCA. The RCA may request to meet with either party or any other person(s) the RCA considers appropriate before making a final determination.

After conducting any such meetings and considering the investigators' report, any supplements to the report, and any additional relevant information, the RCA will issue a determination as to whether a violation of Policy 311 (or a violation of other VSC policies, if applicable) occurred. The determination will be based on whether the RCA finds, by a preponderance of the evidence, that the respondent violated Policy 311 (or other applicable VSC policies).

If the RCA determines that a student has engaged in conduct that violates this Policy (or other applicable VSC policies), the RCA will impose disciplinary sanctions on the student. The RCA will consider what sanction(s) are: (1) fair and appropriate given the facts of the particular case, (2) consistent with the sanctions imposed in similar cases; and (3) adequate to protect the safety of the complainant and the VSC community.

Absent extenuating circumstances, the RCA will endeavor to issue a determination as to whether a violation of Policy 311 (or a violation of other VSC policies, if applicable) occurred and any applicable sanctions (or other actions) within fourteen (14) calendar days after receiving the investigators' report or within seven (7) calendar days of obtaining additional information, or meeting with the parties, whichever is later. This period may be extended for good cause, with written notification to the parties. The parties will be notified, simultaneously and in writing, of: (1) the determination; (2) the sanction, to the extent permitted by law; and (3) the appeal procedures. Copies will be sent to the Title IX/Policy 311 Coordinator and to the VSC's general counsel.

## **(2) Employee Respondents**

The RCA is not bound by the investigators' report and may accept or reject the investigators' recommended conclusion in whole or in part, or may request additional relevant information before making a determination. After considering the investigators' report, any supplements to the report, and any additional relevant information, the RCA will notify the complainant and respondent, simultaneously and in writing, of the RCA's initial determination as to whether a violation of Policy 311 (or a violation of any other policy, agreement or handbook, if applicable) occurred and will outline the discipline, if any, being contemplated. The determination will be based on whether the RCA finds, by a preponderance of the evidence, that the respondent violated Policy 311 (or other applicable VSC policies).

The complainant and respondent may each request to meet with the RCA, before a final determination is made, and may be accompanied by an advisor of their choosing. If the respondent is an employee who is covered by a collective bargaining agreement, the procedures and mutual obligations of VSC and the employee regarding disciplinary action delineated in those agreements will apply.

Absent extenuating circumstances, the RCA will endeavor to issue a final determination as to whether a violation of the VSC's policies has occurred and the imposition of any discipline (or other actions) within seven (7) calendar days of receiving the investigators' report, obtaining additional information, or meeting with the parties, whichever is later. This time period may be shorter or longer depending on the circumstances, including any contractual rights of

the parties. The parties will be notified if changes are made to the time-frame. The complainant and respondent will be notified, simultaneously and in writing, of the final determination and the disciplinary sanctions, if any, to be imposed, to the extent permitted by law. A copy of the notification will be sent to the Title IX/Policy 311 Coordinator and to the VSC's general counsel.

## **F. Appeal**

### **(1) Student Respondents**

Both the complainant and respondent have the right to appeal the outcome on the following grounds: (1) procedural error where the error prevented fundamental fairness; (2) the discovery of previously unavailable evidence that could significantly impact the outcome of the case; (3) the determination is arbitrary or capricious; or (4) the sanction is substantially disproportionate to the findings. Within seven (7) calendar days of receiving the notice of the determination and any applicable discipline, the parties may appeal to the President of the College (or the President's designee) by delivering a written statement of appeal to the President and to the Title IX/Policy 311 Coordinator.

The Title IX/Policy 311 Coordinator will notify the other party of the appeal and the other party will have seven (7) calendar days in which to submit a written response to the appeal to the President (or the President's designee), with a copy to the Title IX/Policy 311 Coordinator. Both parties will be informed simultaneously and in writing, of (1) any change to the discipline and/or sanctions imposed while the appeal is pending, and (2) the final decision, to the extent permitted by law. A copy of the notification will be sent to the Title IX/Policy 311 Coordinator and to the VSC's general counsel. The decision of the President (or the President's designee) is final.

### **(2) Employee Respondents**

In cases where the respondent is an employee, the respondent's right to appeal will be governed by the relevant employee collective bargaining agreement or the VSC personnel handbook for those employees not covered by a collective bargaining agreement. The complainant may request to meet with the Chancellor. Both parties will be notified, simultaneously and in writing, of (1) any change to the discipline and/or sanctions imposed while the appeal is pending, and (2) the final decision, to the extent permitted by law. A copy of the notification will be sent to the Title IX/Policy 311 Coordinator and to the VSC's general counsel.

## **VIII. NOTICES**

For purposes of this Policy, written notifications to the parties and written responses from the parties may be hand-delivered, mailed, and/or sent to or from the parties' e-mail addresses, if the e-mail addresses are known to the VSC. The same method of communication will be used where practicable for both the complainant and the respondent.

## **IX. CONFIDENTIALITY**

The VSC is committed to maintaining the privacy of all individuals involved in a Policy 311 investigation to the extent it can reasonably do so. Reports of discrimination, harassment, and related unprofessional conduct and related complaints, investigative reports, and final determinations will be treated as confidential, to the extent allowed by law.

## **X. RECORD-KEEPING**

The Title IX/Policy 311 Coordinators will track reports alleging violations of Policy 311 and the outcomes of Policy 311 complaints for statistical and reporting purposes. This information may be used to satisfy any VSC or member College legal reporting requirements and for planning and assessing progress toward elimination of discrimination, harassment and related unprofessional conduct.

## **XI. OTHER REMEDIES**

Nothing contained in these Procedures precludes a student or employee from seeking other remedies through state and federal resources to redress grievances related to discrimination, harassment and related unprofessional conduct. An individual, at any time permitted under state or federal law, may elect to file a complaint with the Equal Employment Opportunity Commission, the United States Department of Education Office for Civil Rights, the Office of the Vermont Attorney General, the Vermont Human Rights Commission, or any other entity charged with receiving complaints of discrimination, harassment and related unprofessional conduct. *See Appendix D for contact information.*

## **XII. EDUCATION**

The member Colleges and the Office of the Chancellor will provide educational programs and activities that work toward eliminating discrimination and harassment and informing students and employees how to address incidents of discrimination, harassment, and related unprofessional conduct when they arise, including the filing of complaints under Policy 311 and these procedures. These programs and activities will include:

- making Policy 311, its implementing procedures and appendices (which include contact information for Title IX/Policy 311 Coordinators, ADA/Section 504 Coordinators, and state and federal agencies designated to receive complaints of discrimination and harassment) available in the VSC Policy Manual located on the VSC web site;
- including references or links to Policy 311 and these procedures in appropriate publications provided to students and employees;
- making materials available to students and employees containing educational information on discrimination and harassment and the rights and responsibilities of individuals under Policy 311 and these procedures;
- providing information and learning experiences to incoming students, faculty, and staff to heighten awareness of the issues and the College's expectations;
- selecting and training Responsible College Administrators, designated contact people, Title IX/Policy 311 Coordinators, ADA/Section 504 Coordinators, and persons who may be appointed as Policy 311 investigators.

The member Colleges and the Office of the Chancellor will continue to support, monitor, and revise the educational programs as they work toward the goals of eliminating discrimination, harassment, and related unprofessional conduct and enhancing mutual trust and respect.

[1] Parties should avoid choosing an advisor who may have relevant information and be interviewed as part of the investigation. A party may change advisors during the course of the investigatory and adjudicatory process. A party may request that the Title IX/Policy 311 Coordinator and/or the investigators copy their advisor on communications with the party. Typically, each party may have only one advisor present at an interview or meeting, however, in extenuating circumstances, the Title IX Coordinator may grant a party's request for permission to have an additional advisor or support person attend a meeting or interview during the investigatory and adjudicatory process.

## **POLICY 311-A: SEXUAL HARASSMENT, SEXUAL EXPLOITATION, DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, AND STALKING**

“VSC” refers collectively to the Vermont State Colleges and the four individual member institutions,

Castleton University, Community College of Vermont, Northern Vermont University, and Vermont Technical College. Therefore, the following policy applies to NVU.

### **I. NOTICE OF NONDISCRIMINATION**

As a recipient of federal funds, each member College of the Vermont State Colleges (collectively “the VSC”) is required to comply with Title IX of the Higher Education Amendments Act of 1972, and implementing regulations issued by the Department of Education in May 2020 (“Title IX”). In accordance with Title IX, as well as applicable state and federal law, the VSC prohibits discrimination on the basis of sex in its education programs and activities, admission, and employment. Prohibited sex discrimination includes sexual harassment, as defined in VSC Policy 311, *Non-Discrimination and Prevention of Harassment and Related Unprofessional Conduct*. Prohibited sex discrimination also includes sexual harassment as defined in this policy.

Inquiries concerning the application of Title IX may be referred to VSC’s Title IX Coordinators or to the United States Department of Education Office for Civil Rights. Contact information for the Title IX Coordinators and the Office for Civil Rights is located in Appendix A to the Chancellor’s Procedures for Implementation of Policy 311-A: *Sexual Harassment, Sexual Exploitation, Domestic Violence, Dating Violence, Sexual Assault, and Stalking* (“Chancellor’s Procedures”).

### **II. POLICY STATEMENT**

The VSC is committed to maintaining an educational and working environment free from all forms of sex discrimination, including sexual harassment as defined below. The VSC is also committed to maintaining an educational and working environment free from sexual exploitation, domestic violence, dating violence, sexual assault, and stalking. Such misconduct will not be tolerated. These acts not only violate a person’s feelings of trust and safety but can also substantially interfere with a person’s education or employment.

### **III. POLICY SUMMARY**

It is the policy of the VSC that, upon determining that an act of sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, or stalking has occurred, prompt and appropriate remedial action reasonably calculated to address the misconduct and restore or preserve equal access to VSC education programs or activities will be taken. Disciplinary sanctions for any member of the VSC community engaging in conduct prohibited under this policy may include the suspension or dismissal/expulsion of students, the

suspension or termination of employment or other appropriate disciplinary action such as warnings, reprimands and educational sanctions, as well as possible referral for criminal investigation and prosecution under Vermont law.

**Reporting:** The VSC encourages, and in the case of its employees requires, the prompt and accurate reporting of sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, or stalking (“Prohibited Conduct” defined further, below). This allows the VSC to respond quickly to allegations and offer supportive measures to individuals who may have been subjected to such misconduct. The VSC is committed to protecting the confidentiality of complainants,[1]wherever possible, and will work closely with individuals seeking confidential assistance regarding misconduct under this policy. Certain professionals are permitted by law to offer confidentiality. Those who do not have the privilege of offering confidentiality are expected to handle reports discreetly to the extent permitted or required under the law and VSC policy. All allegations will be investigated promptly and thoroughly as provided in the Chancellor’s Procedures, and all parties will be afforded equal rights during the investigatory and adjudicatory process.

---

[1] As noted in the definitions below, for ease of reference, individuals who report that they have been subjected to misconduct prohibited by this policy, or who are reported by others to have been subjected to such misconduct, will be referred to throughout this policy as “complainants”, regardless of whether or not they choose to request supportive measures and/or participate in an adaptive or formal resolution process.

**Prevention and Education:** It is the collective responsibility of all members of the VSC community to foster a safe and secure campus environment. In an effort to promote this environment and prevent acts of Prohibited Conduct from occurring, the VSC provides ongoing prevention and awareness programs. Incoming students and employees are expected to participate, and other members of the VSC community are encouraged to participate in these programs.

**Retaliation:** Retaliation related to matters addressed by this policy, as defined below, is prohibited and may result in disciplinary action, up to and including suspension, expulsion/dismissal or termination of employment. Retaliation may be found whether or not the underlying complaint is ultimately found to have merit. A complaint of retaliation should be reported, and will be investigated and adjudicated, as provided in the Chancellor’s Procedures.

**False Information:** Knowingly providing false information in connection with a complaint of misconduct covered by this policy or intentionally misleading officials in the investigation or resolution of such a complaint is prohibited and may result in disciplinary action, up to and including suspension, expulsion/dismissal or termination of employment.

**Academic Freedom:** This policy shall not be construed or applied to restrict academic freedom at the VSC, nor shall it be construed to restrict constitutionally-protected expression, even though such expression may be offensive, unpleasant or even hateful.

**Interpretation:** This policy is to be read consistent with federal and state law. If there is any conflict between this policy and federal or state law, this policy will be interpreted consistent with federal or state law.

#### IV. SCOPE OF COVERAGE

**Who:** This policy applies to all members of the VSC community, including students, employees, and other third parties who come on to campus (such as parents, visitors, independent contractors, and vendors), who are involved in an incident of Prohibited Conduct (including those who witness an incident or report an incident on behalf of another). It covers misconduct between individuals in different types of relationships. These include, but are not limited to, student to student, employee to employee, faculty member to faculty member, visitor/contracted employee to employee/student, faculty member to student, employee to student, supervisor to subordinate, coach to student athlete, and student to employee/faculty member. Misconduct under this policy may consist of acts committed by an individual, or collective actions committed by members of a group or organization. These acts may be committed against an individual or against a group or organization. These acts may be committed by a stranger, an acquaintance, or someone with whom the complainant has a social, romantic, or intimate relationship. These acts may be committed by or against any individual, regardless of sexual orientation or gender identity.

**What:** This policy prohibits Prohibited Conduct as defined herein, in the VSC's educational, extracurricular, athletic, and other programs and activities, as well as in the employment setting. These terms are further defined in the Definitions section below. Other forms of sexual harassment that do not meet the Title IX Sexual Harassment or Non-Title IX Sexual Misconduct definitions provided in this policy are also prohibited by the VSC, and are addressed separately in VSC Policy 311, *Non-Discrimination and Prevention of Harassment and Related Unprofessional Conduct*, or other applicable policy or code of conduct.

**Where:** This policy covers conduct that takes place on VSC campuses and in any building or property owned or controlled by the VSC and used in direct support of, or in a manner related to, the VSC's mission. This includes public property within or immediately adjacent to and accessible from VSC property, as well as any building or property not within the same reasonably contiguous geographic area of VSC that supports or relates to VSC's educational purposes and is used frequently by students. This policy also covers conduct that takes place off-campus, or through the use of online, electronic or digital technologies, that may have a nexus to any VSC education program or activity, for example by creating a hostile environment on campus or representing a threat to the safety of a member or members of the VSC community or to the efficient continuance of normal VSC operations.

**When:** The length of time between an incident and making a report of misconduct under this policy will not affect the willingness of the VSC to investigate the allegations or provide support and other services to the individual reporting the conduct. However, a prompt report will enhance the VSC's ability to conduct an investigation, and will enhance the effectiveness of any criminal or VSC adjudicatory process. Therefore, the VSC strongly encourages individuals to report incidents of misconduct immediately following their occurrence.

#### V. RESOURCES FOR COMPLAINANTS

Written information on existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for individuals who report that they have been subjected to misconduct in violation of this policy, both on campus and in the local community, is available from the Office of the Chancellor and each of the member Colleges. The VSC will provide written notification about options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or other supportive measures. The VSC will make such accommodations or provide such supportive measures if requested and if they are reasonably available,

regardless of whether the complainant chooses to report the misconduct to campus public safety or local law enforcement.

Further information about supportive measures available to both parties is provided in the Chancellor's Procedures. Requests for supportive measures and accommodations should be made to the Title IX Coordinator.

## **VI. CLERY ACT**

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act ("Clery Act") requires all colleges and universities that participate in federal financial aid programs to keep and report information about crime on or near their campuses. Employees who are designated as Campus Security Authorities under the Clery Act are required to report certain crimes to their campus Office of Public Safety for the purpose of compliance with the Clery Act. The Offices of Public Safety for the member Colleges will include any reported incidents of dating violence, domestic violence, sexual assault, and stalking, along with other crimes, in the campus daily crime log and annual security report, as required by the Clery Act. Public Safety will issue a timely warning when a Clery Act crime which is considered to pose a serious or continuing threat to the VSC community is reported to Public Safety or to local law enforcement (if local law enforcement makes Public Safety aware of such reports). No personally identifying information will be included in the public reports required by the Clery Act.

## **VII. CONFIDENTIALITY AND PRIVACY**

The VSC is committed to maintaining the privacy of all individuals involved in a report of sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, and/or stalking to the extent it reasonably can do so. While the VSC encourages individuals to report incidents of misconduct in violation of this policy, the VSC understands that it can be difficult for individuals to come forward to report such misconduct. The following resources have differing obligations to maintain confidentiality and to report incidents.

### **A. Confidential Off-Campus Resources**

Crisis services and off-campus healthcare providers will generally maintain confidentiality, to the extent permissible under applicable law.

### **B. Counselors and Health Services Professionals**

The VSC's licensed professional counselors and health services staff respect and protect confidential communications from students and employees to the extent permissible under applicable law. They may have the responsibility to disclose otherwise-privileged information in the event they perceive an immediate and/or serious threat to any person or property. In addition, medical and mental health professionals are required by law to report any allegation of sexual assault of a person under age 18. These professionals will report incidents, without any identifying information, to the Title IX Coordinator so VSC is aware that an incident of alleged misconduct under this policy has occurred. If the incident is a crime covered by the Clery Act, these professionals will report it, without any identifying information, to the appropriate Office of Public Safety for

Clery Act purposes. The non-identifying information to be reported includes the nature, date, time and general location of the incident.

In accordance with May 2020 Title IX regulations, the University will not access, consider, disclose, or otherwise use a party's privileged records or require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

### **C. Employees**

Employees of the VSC, other than those employed by the VSC in their capacity as licensed professional counselors and health services staff, are not able to guarantee confidentiality. General inquiries or questions about policies and procedures do not have to be reported. Employees who learn of an incident of sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, or stalking are required to report this information to the Title IX Coordinator, the Dean of Students, or the President. Employees who are Campus Security Authorities are also required to report certain sex offenses and other crimes to the campus Office of Public Safety for the purpose of the VSC's compliance with the Clery Act. All information will be kept securely and, even if an individual does not request confidentiality, the information will be shared on a "need to know" basis only with those assisting in any review, investigation or adjudication of the report, or who otherwise need to know the information to perform the duties of their position. Although not bound by confidentiality, these individuals should be discreet and respect the privacy interests of all individuals involved in the process.

The May 2020 Title IX regulations contemplate that certain information will generally be treated confidentially, except as qualified by statements in those regulations. For example, the regulations provide that colleges and universities must maintain as confidential any supportive measures provided to a complainant or respondent,[1] to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the supportive measures. The regulations also provide that institutions must keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of the Title IX regulations, including the conduct of any investigation, hearing, or judicial proceeding arising under those regulations.

The VSC will strive to protect the privacy interests of individuals to the extent it can while fulfilling its obligations to uphold relevant policies and regulations, to conform to any legal requirements, and to take reasonable steps to promote the safety of members of the VSC community. The VSC has an obligation to investigate complaints of sexual harassment, sexual exploitation, dating violence, domestic violence, sexual assault, and stalking, and to take reasonable steps to prevent recurrence of such behavior. Therefore, in some circumstances, the VSC may report an incident of misconduct under this policy to law enforcement or investigate and pursue disciplinary action against a respondent, even if an individual requests confidentiality or chooses not to file a complaint. For this reason, absolute or strict confidentiality cannot be guaranteed. The VSC will evaluate requests for confidentiality on a case-by-case basis, within the context of its desire to provide a safe and nondiscriminatory environment for all students, employees and third parties, and to promote the health, safety, and wellbeing of the VSC community.

If an individual filing a report insists that his or her name or other identifiable information not be revealed and the VSC is able to respect that request, the VSC's ability to respond fully to the report may be limited. For example, if a grievance process is commenced against a member of the campus community, that person will be informed as provided in the Chancellor's Procedures of the name of the complainant and information regarding the nature of the allegations in order to defend against the allegations in that process. Thus, the VSC may not be able to maintain a request for confidentiality and also adjudicate a complaint. If an individual insists on confidentiality, the VSC may be able to take action to limit the effects of the alleged Prohibited Conduct and prevent its recurrence to the extent warranted and practicable.

#### **D. Law Enforcement**

If a crime of sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, or stalking appears to have occurred, the VSC encourages accurate and prompt reporting of these crimes to the Office of Public Safety and/or to state or local law enforcement. Individuals subjected to such misconduct have the option to notify law enforcement, to be assisted by VSC officials in notifying law enforcement, or to decline to notify law enforcement. Individuals may inform law enforcement of an incident of sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, or stalking without making a formal criminal complaint. Individuals may choose to pursue a criminal complaint, a complaint through the VSC's disciplinary process, or both simultaneously. Individuals who choose not to notify law enforcement immediately have the option to notify law enforcement at a later time. Completing a forensic exam is important to preserve evidence and does not require the examinee to file a police report. Reports to law enforcement are not confidential.

### **VIII. DEFINITIONS**

#### **A. Prohibited Conduct[2]**

This Policy 311-A prohibits the following forms of misconduct, collectively referred to throughout the policy as "Prohibited Conduct":

**Title IX Sexual Harassment** (i.e., Quid Pro Quo Sexual Harassment, Severe, Pervasive and Objectively Offensive Sexual Harassment, Sexual Assault, Domestic Violence, Dating Violence and sex-based Stalking within the scope of Title IX); and

**Non-Title IX Sexual Misconduct** (i.e., Sexual Assault, Domestic Violence, Dating Violence, and Stalking outside the scope of Title IX, Sexual Exploitation as defined below, and Retaliation).

Specifically, Title IX Sexual Harassment and Non-Title IX Sexual Misconduct are defined as follows for purposes of this Policy 311-A:

##### **1. *Title IX Sexual Harassment***

"Title IX Sexual Harassment" is a subset of Prohibited Conduct. Under Department of Education regulations (see 34 C.F.R., Part 106) issued in May 2020 to implement Title IX of the Education Amendments of 1972, 20

U.S.C. § 1681 et seq., VSC is required to prohibit certain forms of sexual harassment as defined in those regulations. Title IX Sexual Harassment is Prohibited Conduct of the following types committed by or against students and/or employees in an education program or activity of VSC, in the United States. Further, in order for VSC to consider a Formal Complaint of such misconduct as falling within its Title IX Sexual Harassment policy and procedures, the complainant must be participating in or attempting to participate in a VSC program or activity at the time the complaint is filed.

Conduct takes place within VSC's "programs and activities" when that conduct occurs: (1) in a location, at an event, or in a circumstance where VSC exercises substantial control over both the respondent and the context in which the conduct occurs; or (2) in any building owned or controlled by a student organization recognized by VSC. Conduct that occurs off campus in locations or at events with no connection to VSC is unlikely to have occurred in a program or activity of VSC.

A complaint about conduct that does not meet this strict definition for Title IX Sexual Harassment is still prohibited by this policy if it otherwise constitutes Prohibited Conduct within the definition of Non-Title IX Sexual Misconduct as defined below.

The following Prohibited Conduct definitions apply for purposes of the definition of Title IX Sexual Harassment:

**a. *Title IX Quid Pro Quo Sexual Harassment***

Quid pro quo sexual harassment for purposes of the Title IX Sexual Harassment definition is conduct on the basis of sex committed in an education program or activity of VSC in the United States by which an employee of VSC conditions the provision of an educational or employment aid, benefit, or service of VSC on a student's or employee's participation in unwelcome sexual conduct.

**b. *Title IX Severe, Pervasive and Objectively Offensive Sexual Harassment***

Severe, pervasive and objectively offensive sexual harassment for purposes of the Title IX Sexual Harassment definition is conduct on the basis of sex committed in an education program or activity of VSC in the United States that constitutes unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a student or employee equal access to a VSC education program or activity, whether in the employment or educational context.

**c. *Title IX Sexual Assault***

As required by the May 2020 Title IX regulations, Title IX Sexual Assault incorporates the definitions of the FBI's Uniform Crime Reporting (NIBRS) program, and is defined as follows:

**Rape:[3]**

- The carnal knowledge of a person (i.e., penile-vaginal penetration), without the consent of that person, including instances where the person is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity (it should be

noted that either females or males could be complainants under this definition);

- Oral or anal sexual intercourse (i.e., penile penetration) with another person, without the consent of that person, including instances where the person is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
- To use an object or instrument (e.g., an inanimate object or body part other than a penis) to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of that person, including instances where the person is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;

**Fondling:** The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of that person, including instances where the person is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity (for purposes of this definition, “private body parts” includes breasts, buttocks, or genitals, whether clothed or unclothed);

**Incest:** Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law; or

**Statutory Rape:** Sexual intercourse with a person who is under the statutory age of consent.

Sexual assault can be committed by any person against any other person, regardless of gender, gender identity, sexual orientation, or past or current relationship status. Sexual assault may occur with or without physical resistance or violence.

Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting. It is also a violation of VSC policy and is prohibited.

**d. Title IX Dating Violence**

Title IX dating violence for purposes of the Title IX Sexual Harassment definition is conduct on the basis of sex committed in an education program or activity of VSC in the United States that constitutes “[v]iolence

committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

(i) The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

(ii) For the purposes of this definition— (A) Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. (B) Dating violence does not include acts covered under the definition of domestic violence.”[4]

Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting. It is also a violation of VSC policy and is prohibited.

**e. Title IX Domestic Violence**

Title IX domestic violence for purposes of the Title IX Sexual Harassment definition is conduct on the basis of sex committed in an education program or activity of VSC in the United States that constitutes a “felony or misdemeanor crime of violence committed—

(A) By a current or former spouse or intimate partner of the victim;

(B) By a person with whom the victim shares a child in common;

(C) By a person who is cohabiting with, or has cohabited with, the victim as a spouse or intimate partner;

(D) By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or

(E) By any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.”[5]

Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting. It is also a violation of VSC policy and is prohibited.

**f. Title IX Stalking**

Title IX stalking for purposes of the Title IX Sexual Harassment definition is conduct on the basis of sex committed in an education program or activity of VSC in the United States that constitutes “[e]ngaging in a course of conduct directed at a specific person that would cause a reasonable person to—

(A) Fear for the person's safety or the safety of others; or

(B) Suffer substantial emotional distress.

(ii) For purposes of this definition—

(A) Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.

(B) Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.

(C) Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.”[6]

Any incident(s) meeting this definition is/are considered a crime for the purposes of Clery Act reporting. It is also a violation of VSC policy and is prohibited.

Examples of stalking behaviors or activities include, but are not limited to the following, if they occur in the context of stalking as defined above (i.e., the behaviors or activities that would cause a reasonable person to fear for their safety or the safety of others, or to suffer substantial emotional distress): (1) non-consensual communication, including face-to-face communication, telephone calls, voice messages, e-mails, text messages, written letters, gifts, or any other communications that are unwelcome; (2) use of online, electronic or digital technologies, such as posting pictures or text in chat rooms or on websites, sending unwanted or unsolicited e-mail or talk requests, posting private or public messages on Internet sites, social networks, and/or school bulletin boards, installing spyware on a person's computer, or using Global Positioning Systems (GPS) or similar technology to monitor a person; (3) pursuing, following, waiting for, or showing up uninvited at or near a residence, workplace, classroom, or other places frequented by the person; (4) surveillance or other types of observation, including staring and voyeurism; (5) trespassing; (6) vandalism; (7) non-consensual touching; (8) direct verbal or physical threats against a person or a person's family member, pet or personal property; (9) gathering information about a person from friends, family, or co-workers; (10) accessing private information through unauthorized means; (11) threats to harm self or others; (12) defamation and/or lying to others about the person; and (13) using a third party or parties to accomplish any of the above.

Engaging in such stalking behaviors or activities is a violation of VSC policy and is prohibited.

## **2. *Non-Title IX Sexual Misconduct***

Non-Title IX Sexual Misconduct is Prohibited Conduct that falls within the scope of this policy and the definitions below but that does not fall within the definition of Title IX Sexual Harassment, either due to the nature of the conduct or because it did not reportedly occur within a program or activity of VSC in the United States.[7] Such conduct is defined for purposes of this policy as:

### **a. *Non-Title IX Sexual Assault***

Sexual Assault (i.e., rape, fondling, incest or statutory rape) as defined in the Title IX Sexual Assault definition above that did not reportedly occur in a program or activity of VSC in the United States, and attempts to commit such misconduct.

Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting. It is also a violation of VSC policy and is prohibited

**b.      *Non-Title IX Domestic Violence***

Domestic violence as defined in the Title IX Domestic Violence definition above that did not reportedly occur in a program or activity of VSC in the United States.

Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting. It is also a violation of VSC policy and is prohibited

**c.      *Non-Title IX Dating Violence***

Dating violence as defined in the Title IX Dating Violence definition above that did not reportedly occur in a program or activity of VSC in the United States.

Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting. It is also a violation of VSC policy and is prohibited

**d.      *Non-Title IX Stalking***

Stalking as defined in the Title IX Stalking definition above that did not reportedly occur in a program or activity of VSC in the United States, or that otherwise fits within the definition of stalking but does not fall within the Title IX Stalking definition because the reported conduct is not directed at the complainant on the basis of sex.

Any incident(s) meeting this definition is/are considered a crime for the purposes of Clery Act reporting. It is also a violation of VSC policy and is prohibited.

**e.      *Non-Title IX Sexual Exploitation***

Non-Title IX Sexual Exploitation occurs when a person takes sexual advantage of another person for the benefit of anyone other than that other person without that other person's consent, and attempted sexual exploitation. Examples of sexually exploitative behavior include, but are not limited to: (1) prostituting another person; (2) recording or capturing (through any means) images, video or audio of another person's sexual activity, intimate body parts, or nudity without that person's consent, and/or sharing or distributing this material without the other person's consent; (3) viewing or allowing or aiding others to view another person's sexual activity, intimate body parts, or nudity without the person's consent; and (4) sexual exhibitionism or exposure of one's genitalia in the presence of others without their consent.

Exception: The VSC's prohibition of sexual exploitation is not intended to prohibit the use of sexually-explicit materials that are reasonably related to the VSC's academic mission. Specifically, this section is not intended to proscribe or inhibit the use of sexually-explicit materials, in or out of the classroom, when in the judgment of a reasonable person the use of such materials appropriately promotes genuine discourse, inquiry and learning.

Sexual exploitation as defined here violates VSC policy and is prohibited.

**B. Additional Definitions Applicable to This Policy**

**Coercion:** The act of compelling or forcing someone to act based on harassment, threats, or intimidation.

**Complainant:** A complainant is an individual who is reported to have experienced conduct that could constitute Prohibited Conduct, regardless of whether the individual makes a report or seeks disciplinary action. In some cases (such as, e.g., cases in which a person involved in an incident of alleged Prohibited Conduct does not wish to participate in the process but VSC decides that the alleged misconduct needs to be investigated), VSC may pursue an investigation and adjudication under this policy without a designated complainant, in accordance with the Chancellor's Procedures. In these cases, VSC may extend some or all of the rights of a complainant as defined in this policy to affected parties as deemed appropriate by VSC and/or as required by law.

For ease of reference, the term "complainant" is also used throughout this policy to refer generally to an individual who was reported by another to have been subjected to Prohibited Conduct, even if they do not participate in any related process.

**Consent:** For purposes of this policy, effective consent means words or actions that demonstrate to a reasonable person a knowing and voluntary agreement to engage in mutually agreed-upon sexual activity. Effective consent cannot be gained by threat, force, coercion or intimidation or by ignoring words or actions that indicate a lack of consent or objection to the activity. Consent to one form of sexual activity does not imply consent to other forms of sexual activity. Consent can be rescinded at any time. It is the responsibility of a person who wants to engage in sexual activity to ensure that they have effective consent from any other person involved. Silence, lack of protest, or lack of resistance are not sufficient standing alone to establish consent. The actions of the individuals involved and the context in which those actions occurred will be considered in determining whether or not there was consent. The existence of a dating relationship or a past sexual relationship between the persons involved is not a sufficient basis to assume consent. Past consent between two individuals does not imply present or future consent to sexual activity.

Consent is not valid when a person is incapable of giving consent: (1) due to the person's use or consumption of drugs or alcohol; (2) when intimidation, threats, physical force, or other actions that are coercive are applied; (3) when a physical or mental condition is present such that the person cannot knowingly or voluntarily give consent; or (4) when a person is under the age of 16.

Alcohol-related incapacity results from a level of alcohol ingestion that is more severe than mere impairment, being under the influence, drunkenness or intoxication. Consumption of alcohol or other drugs alone is insufficient to establish incapacitation. The question of incapacitation is determined on a case-by-case basis using both objective and subjective standards and includes by way of example but not limitation an analysis of the objective behaviors of the person alleging Prohibited Conduct, whether the accused person knew or reasonably should have known that the person was incapacitated, and whether the accused person played a role in creating the circumstances of incapacity. Whether the respondent knew or reasonably should have known the complainant was incapacitated will be assessed in light of all relevant circumstances. Objective physical indications of incapacity include slurred speech, difficulty walking or standing, vomiting, and losing consciousness.

The use of alcohol or other drugs does not make a complainant at fault for Prohibited Conduct. The use of alcohol or other drugs does not minimize or excuse a person's responsibility for committing Prohibited Conduct. Nor does the use of alcohol or other drugs minimize or excuse a person's responsibility for determining whether another person is capable of giving consent, as described above.

**Officials With Authority:** Officials with authority to institute corrective measures regarding matters involving Prohibited Conduct include the Title IX Coordinator at each VSC campus, any Deputy Title IX Coordinators on campus, the Dean of Students, the Academic Dean or Provost, and the President or their designee. As outlined in more detail in the Chancellor's Procedures, an Official With Authority will, upon receipt of a Formal Complaint of Title IX Sexual Harassment, take action on such a complaint in accordance with the Chancellor's Procedures.

**Respondent:** A respondent is an individual who has been reported to have engaged in conduct that could constitute Prohibited Conduct and whose alleged conduct is being investigated to determine if it is in violation of VSC's policies.

**Retaliation:** Retaliation (that is, intimidating, threatening, coercing, or discriminating against any individual for the purpose of interfering with any right or privilege secured by Title IX or its implementing regulations or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing regarding Prohibited Conduct (including both Title IX Sexual Harassment and Non-Title IX Sexual Misconduct)) is strictly prohibited. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or its implementing regulations, may constitute retaliation, as does any adverse action taken against a person for making a good faith report of Prohibited Conduct or participating in any proceeding under this Policy. Retaliation may include intimidation, threats, coercion, harassment, or adverse employment or educational actions that would discourage a reasonable person from engaging in activity protected under this policy. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance process under this policy does not constitute prohibited retaliation, provided, however, that a determination regarding responsibility is not alone sufficient to establish that any party made a materially false statement.

VSC will not engage in, and will investigate and address, reports of retaliatory conduct. Retaliation under this policy may be found whether or not the underlying complaint is ultimately found to have merit. Complaints of retaliation should be reported, and will be addressed, through the procedures for Non-Title IX Sexual Misconduct outlined in the Chancellor's Procedures.

Depending on the particular circumstances, retaliation may also be unlawful. Retaliation as defined here violates VSC policy and is prohibited.

## **IX. PROCEDURES**

The Chancellor shall establish and periodically update the procedures for handling complaints of Prohibited Conduct to ensure that the process is prompt, fair and impartial.

The standard of proof applicable in investigating and resolving complaints under this policy shall be "by a preponderance of the evidence," meaning that it is more likely than not (i.e., there is more than a 50% likelihood) that the alleged actions or behavior in violation of the policy occurred.

The procedures established by the Chancellor may be modified as necessary to comply with federal and state law so that the VSC may respond promptly and effectively to incidents of Prohibited Conduct.

## **X. COOPERATION WITH INVESTIGATIONS AND PROCEEDINGS**

All students and employees are strongly encouraged to cooperate in investigations undertaken pursuant to this policy and are expected to provide complete, accurate, and truthful information when they do so. They may be asked to sign statements or other documents memorializing the information they provide, and non-party witnesses may be asked to keep the substance of any interview confidential.

All actions taken to investigate and resolve complaints pursuant to this policy shall be conducted with as much privacy and discretion as practicable without compromising the thoroughness and fairness of the investigation. All persons involved are expected to treat the situation under investigation with respect. To conduct a thorough investigation, the investigator(s) may discuss the complaint with witnesses and those persons involved in or affected by the complaint, and those persons necessary to assist in the investigation or to implement appropriate disciplinary actions. Nothing herein shall be deemed to limit the procedural rights of unionized and other employees with regard to such investigations.

## **XI. SANCTIONS**

Violation of the prohibitions set forth in this policy is grounds for discipline up to and including the dismissal/expulsion of students or the termination of employees. Generally, the range of sanctions for **students** includes verbal and written warnings, written reprimands, counseling, loss of privileges, probationary status, removal from College housing, suspension, dismissal/expulsion, revocation of degree, and/or withholding of transcript or other action determined to be appropriate under the circumstances. Generally, the range of sanctions for **employees** includes verbal warnings, written warnings, written reprimands, probation, suspension, termination of employment, non-renewal of a contract, or other action determined to be appropriate under the circumstances.

The VSC may also impose certain non-disciplinary remedial actions where appropriate, such as required counseling or training for the respondent and/or a group of students or employees, to stop the misconduct, prevent its recurrence, and remedy its effects. Additional non-disciplinary outcomes, such as extending and modifying no contact orders, room changes, class changes, work schedule changes, building restrictions, and extracurricular activity restrictions may also be imposed, regardless of the finding, to maintain an environment free from Prohibited Conduct and/or retaliation.

## **XII. OTHER POLICY VIOLATIONS**

The VSC's primary goals in responding to complaints of Prohibited Conduct are to promote the safety of the VSC community, to address the misconduct, to prevent it from recurring, and/or to restore or preserve the complainant's access to VSC's educational programs or activities. A person (whether a complainant or another reporting person) should not be deterred from reporting a violation of this policy because alcohol, drugs, or other violations of VSC's policies were involved in the incident. VSC officials may, in their discretion and on a case-by-case basis, decide not to pursue relatively minor drug, alcohol or other policy violations related to incidents of misconduct under this policy or, if they do pursue such violations, to handle them separately from complaints brought under this policy. No such violations will be handled by the VSC in a manner that violates the anti-retaliation policy stated above.

Misconduct that does not meet the definition of Prohibited Conduct may violate other VSC policies, student handbooks, codes of conduct, or collective bargaining agreements and, if so, may be handled as set forth in such other documents or, at the discretion of the VSC, where related misconduct involves reported Prohibited

Conduct and misconduct prohibited by such other policies, it may be handled under the procedures for Non-Title IX Sexual Misconduct that are outlined in the Chancellor's Procedures.

## CHANCELLOR'S PROCEDURES FOR IMPLEMENTATION OF

### POLICY 311-A: SEXUAL HARASSMENT, SEXUAL EXPLOITATION, DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, AND STALKING

#### I. INTRODUCTION

The following procedures outline the steps available to individuals who may have been subjected to sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, or stalking, as defined in Policy 311-A, and describe the institutional procedures for handling complaints involving such misconduct. These procedures incorporate by reference the terms and conditions of Policy 311-A, *Sexual Harassment, Sexual Exploitation, Domestic Violence, Dating Violence, Sexual Assault, and Stalking*, and are to be read consistently with the requirements of any state or federal laws and regulations, and unless specifically provided otherwise in these procedures, with any collective bargaining agreement, and any personnel handbook governing the rights and responsibilities of the Vermont State Colleges ("VSC"), its member institutions and its employees. These procedures may be modified as necessary to comply with federal and state law and to respond promptly and effectively to incidents of sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, and stalking. If there is any conflict between these procedures and applicable federal or state law, these procedures are to be interpreted consistent with applicable federal or state law.

#### II. DEFINITIONS

The definitions set forth in Policy 311-A are incorporated here by reference. The following additional definitions apply to these procedures.

**"Complainant"** means an individual who is reported to have experienced conduct that could constitute Prohibited Conduct, regardless of whether the individual makes a report or seeks disciplinary action. In some cases (such as, e.g., cases in which a person involved in an incident of alleged Prohibited Conduct does not wish to participate in the process but VSC decides that the alleged misconduct needs to be investigated), VSC may pursue an investigation and adjudication under this policy without a designated complainant, in accordance with the Chancellor's Procedures. In these cases, VSC may extend some or all of the rights of a complainant as defined in this policy to affected parties as deemed appropriate by VSC and/or as required by law.

For ease of reference, the term "complainant" is also used throughout these procedures to refer generally to an individual who was reported by another to have been subjected to Prohibited Conduct, even if they do not participate in any related process.

**"Dean of Students"** means the Dean of Students at a Member Institution or any person carrying out that function, however named.

**“Designated contact person”** means those persons designated by the Office of the Chancellor and the Member Institutions to advise individuals with questions about Policy 311-A, to provide information about available resources for complainants, to assist in the reporting of an incident that may constitute a violation of Policy 311-A, and to explain the process for filing a complaint. The names of the designated contact persons at each institution shall be published online and made available at the office of the Dean of Students and the office of the Human Resources Administrator for each Member Institution, as well as the office of the Director of Human Resources at the Office of the Chancellor.

**“Employee”** means all VSC employees, including student employees, such as Resident Advisors and work study students (within their capacity as work study students).

**“Parties”** means the complainant and the respondent.

**“Respondent”** means an individual who has been reported to have engaged in conduct that could constitute Prohibited Conduct and whose alleged conduct is being investigated to determine if it is in violation of VSC’s policies.

**“Responsible College Administrator” or “RCA”** means (1) the President or Dean of Students from the Member Institution where the violation allegedly occurred; (2) the Director of Human Resources at the Office of the Chancellor, if the violation allegedly occurred at the Office of the Chancellor; (3) the Chancellor, if the VSC Director of Human Resources or a President allegedly violated Policy 311-A; (4) the Chair of the Board of Trustees, if the Chancellor allegedly violated Policy 311-A; and (5) any designee of the aforementioned.

**“Third Parties”** means individuals who are neither students nor employees, such as visitors, parents, vendors, and independent contractors.

**“Title IX Coordinator”** means the administrator at each Member Institution selected by the President, and the person at the Office of the Chancellor identified and authorized by the Chancellor, to serve as Title IX Coordinator for the purposes of coordinating the VSC’s efforts to comply with and carry out its responsibilities under Title IX, as well as any designee of the Title IX Coordinator. For the purposes of Policy 311-A, the Title IX Coordinator’s responsibilities include overseeing the process for handling all Title IX complaints and identifying and addressing any patterns or systemic problems that arise during the review of such complaints. The Title IX Coordinator prepares annual reports on the nature and outcome of complaints at the institution, which are to be used for satisfying any VSC or Member Institution’s legal reporting requirements and for planning and assessing progress toward the goal of preventing sexual misconduct. Contact information for the Title IX Coordinators is located in **Appendix A** to these Procedures.

**“VSC”** and **“Member Institution”** refer collectively to the Vermont State Colleges and its individual member institutions: Castleton University, Community College of Vermont, Northern Vermont University, and Vermont Technical College, however named or configured.

### **III. CONTACT INFORMATION**

Any person (including students, employees, and third parties) who believes that they have been subjected to sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault or stalking (“Prohibited Conduct” and as defined further in Policy 311-A), or who has information about such an incident, may seek advice or information from the Title IX Coordinator, designated contact persons, or Responsible College Administrators. Such individuals have the option to notify law enforcement, to be assisted by VSC officials in notifying law enforcement, or to decline to notify law enforcement.

The VSC encourages all members of the VSC community affected by Prohibited Conduct to seek immediate assistance. Seeking prompt assistance is important to promote a person’s physical safety, to obtain medical care or other support, and to preserve evidence for any legal or disciplinary action. Preservation of evidence is important even if an individual initially chooses not to pursue a complaint, criminal charge or protective order, because the individual may decide to do so at a later time.

Contact information for: (1) trained campus and community advocates and counselors who can provide an immediate confidential response in a crisis situation; and (2) Public Safety, state and local law enforcement, and other first responders, shall be published on VSC websites (currently: <https://resolve.vsc.edu/>) and made available at the offices of the Chancellor, President, Dean of Students, Human Resources, Public Safety, and counseling/student health center.

#### **IV. SUPPORT AND ASSISTANCE**

##### **(A) Court Orders**

The VSC is committed to promoting the safety and well-being of individuals who are being or who may have been subjected to sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, or stalking. Such individuals may have the right to obtain orders of protection, restraining orders and/or relief from abuse orders from Vermont courts. Upon request, the VSC will assist individuals in making contact with law enforcement authorities and other external resources to seek such orders. This assistance is available regardless of whether an individual chooses to file a complaint with the VSC.

##### **(B) Supportive Measures**

Individuals do not have to file a formal complaint, participate in a disciplinary process, or file a criminal complaint in order to request supportive measures from the VSC. Supportive measures are non-disciplinary,

non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to VSC's education programs or activities without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the VSC's educational environment, or deter Prohibited Conduct.

Supportive measures may include but are not limited to:

- counseling;
- academic accommodations, such as extensions of deadlines or other course-related adjustments, course changes or late drops, or other arrangements as appropriate;
- modifications of work or class schedules;
- campus escort services;
- mutual restrictions on contact between the parties;
- residential accommodations, including but not limited to arranging for new housing, or providing temporary housing options, as appropriate;
- changes in work locations;
- leaves of absence;
- increased security and monitoring of certain areas of campus;
- changing transportation or working arrangements or providing other employment accommodations, as appropriate;
- assisting the individual in accessing support services, including, as available, victim advocacy, academic support, counseling, disability, health or mental health services, visa and immigration assistance, student financial aid services, and legal assistance both on and off campus, as applicable (visit <https://resolve.vsc.edu/> for further information);
- no-trespass notices prohibiting the presence of an individual on VSC property, and/or other properties on which VSC programs are occurring;
- informing the individual of the right to report a crime to local law enforcement and/or seek orders of protection, restraining orders, or relief from abuse orders from United States courts or courts outside of the United States as applicable, and providing assistance if the individual wishes to do so. VSC will also work with complainants and others as appropriate to respect and implement the requirements of such orders on premises that it owns or controls, as necessary and appropriate;

- and other similar measures.

Where a complainant reportedly subjected to Prohibited Conduct makes a reasonable request for supportive measures like those described above, VSC is obligated to comply with that request if such measures are reasonably available and not materially inconsistent with established academic guidelines or requirements.

Students and employees seeking supportive measures should direct their request to the Title IX Coordinator for their campus or location. Requests will be evaluated and responded to by the Title IX Coordinator or designee after consultation, as needed, with other campus personnel whose cooperation may be necessary or helpful in evaluating or providing requested measures. The Title IX Coordinator is ultimately responsible for coordinating the effective implementation of supportive measures. Factors that may be considered in determining the appropriateness of supportive measures may include but are not limited to: the specific need expressed by the requesting individual; the age and position of the individuals involved; the severity or pervasiveness of the alleged conduct; any continuing effects of the alleged violation on the requesting individual; whether the individuals involved share the same residence hall, dining hall, classes, transportation or job location; and, whether any judicial measures, such as court orders, have been taken to protect the requesting individual.

The VSC will take reasonable steps to maintain as confidential any supportive measures provided, to the extent that maintaining such confidentiality does not impair the VSC's ability to provide the accommodations or protective measures.

Supportive measures may be offered as appropriate to the respondent, as well as to the complainant. Assessment of a party's need to receive a supportive measure will generally be made on an individualized basis, as appropriate, based on the information gathered by the Title IX Coordinator. The measures needed by each party may change over time and the Title IX Coordinator will communicate with the parties to evaluate whether the measures provided are necessary and effective based on the parties' evolving needs.

The imposition of any of these measures does not indicate a presumption of guilt, nor does it preclude subsequent disciplinary action. A no contact order in and of itself does not constitute discipline and will not appear in an employee's personnel file or on a student's disciplinary record, but refusal to comply with a no contact order (or other supportive measure) is a violation of policy and may result in disciplinary action. A no trespass notice prohibits the presence of an individual in a designated area. Such notices are legally enforceable and, if violated, may lead to arrest.

## **(C) Interim Suspension, Emergency Removal and Administrative Leave**

### **1. Interim Suspension of Students in Non-Title IX Sexual Misconduct Cases**

In cases that fall within the definition of Non-Title IX Sexual Misconduct found in Policy 311-A, if the VSC has reasonable cause to believe that a student reported to have committed Non-Title IX Sexual Misconduct poses

a substantial threat to themselves, the complainant, other people, property, or the continuance of normal VSC operations, the VSC may suspend the student for an interim period, pending the outcome of the disciplinary process. Careful consideration should be given to alternative supportive measures, such as changing class schedules, changing residence hall assignments, and issuing no contact orders or building access restrictions, before imposing an interim suspension, so as to avoid depriving a student of their education where possible. Consideration should also be given to providing a respondent with remote access to classes, where available and feasible under the circumstances.

An interim suspension will not be imposed without prior notice to the student (either written or oral) of the contemplated suspension and a summary of the factual basis for it. The student shall have forty-eight hours in which to submit a letter to or appear personally or virtually before the Dean of Students (or the Dean's designee) to contest the interim suspension. The Dean of Students (or the Dean's designee) shall consider factors such as: (1) the reliability of the identification of the student; and (2) whether the alleged conduct, if true, based on the surrounding circumstances, reasonably indicates that the continued presence of the student on campus poses a substantial threat to themselves, the complainant, other people, property, or the normal operations of the VSC. The Dean (or the Dean's designee) may require the student to meet certain conditions in lieu of an interim suspension. Unless the Dean of Students (or the Dean's designee) determines that it would be unreasonably difficult or dangerous to delay the interim suspension, the student shall have the opportunity to be heard in person, virtually or in writing before the interim suspension takes effect.

## **2. Emergency Removal of Students or Employees in Title IX Sexual Harassment Cases**

When VSC determines that there is an immediate threat to the physical health or safety of any student or other individual arising from reported conduct that falls within the definition of Title IX Sexual Harassment in Policy 311-A, VSC can remove a respondent from the education program or activity (which may include removing an employee respondent from their employment at VSC per the applicable terms of the any pertinent bargaining unit agreement or personnel handbook) and issue any necessary related no-trespass and no-contact orders. VSC will make the decision to remove a respondent from the education program or activity based on an individualized assessment and risk analysis.

If VSC makes such a decision, the respondent will be provided with notice and an opportunity to challenge the decision immediately following the removal. Specifically, the respondent shall have forty-eight hours in which to submit a letter to or appear personally or virtually before the Dean of Students (or the Dean's designee), if a student-respondent, or before the President (or the President's designee) if an employee-respondent, to contest the interim suspension (though a meeting could be scheduled sooner if requested by the respondent, if practicable or required per the terms of the applicable bargaining unit agreement or personnel handbook).

### **c. Non-student Administrative Leave in Title IX Sexual Harassment Cases**

VSC always maintains the discretion to place non-student employee respondents on paid administrative leave during the pendency of an investigation and resolution process as outlined below, consistent with the terms of the applicable bargaining unit agreement or personnel handbook.

VSC may also place a non-student employee respondent on unpaid administrative leave during the pendency of an investigation and resolution process, consistent with the terms of the applicable bargaining unit agreement or personnel handbook. In those instances in which VSC determines that an administrative leave will be unpaid and the respondent was not offered the opportunity to challenge the suspension without pay before it was imposed through some other process, the respondent may present a written challenge regarding the need for or the adequacy of the unpaid administrative leave to the President or their designee, if the respondent is employed at a VSC institution, or the Chancellor or their designee if the respondent is a President or employee at the Chancellor's Office.

## **V. REPORTING SEXUAL MISCONDUCT, SEXUAL EXPLOITATION, DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, OR STALKING**

### **(A) Report by Complainants or Others with Information**

Any person (including students, employees, and third parties) who believes that they have been subjected to sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, or stalking, or who has information about an alleged incident of such Prohibited Conduct, may report the incident to the Title IX Coordinator, a designated contact person, a Responsible College Administrator, Public Safety, or Human Resources.

Individuals with a disability may request accommodations to ensure their full and equal participation in reporting incidents of such Prohibited Conduct, as well as the investigatory and adjudicatory process under this policy. Requests for accommodations in the Policy 311-A process are determined on an individual basis by the Title IX Coordinator, in consultation with the ADA/Section 504 Coordinator as appropriate.

### **(B) Reporting Obligations of Employees**

Except in circumstances where an employee is acting within the scope of their role as a specifically-designated confidential resource, employees who are aware or have been made aware of an incident of sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, or stalking are required to report this information to one of the following: the Title IX Coordinator, the Dean of Students, the President, or, if the employee works in the Office of the Chancellor, to the Director of Human Resources.

Employees are not expected to and should not investigate alleged incidents, unless this is part of their job duties or they are assigned to investigate a complaint made under this policy. The report should include all known relevant details, including a description of the alleged incident, the names of anyone involved or present, the date, time, and location.

Failure by an employee to report a complaint or alleged acts of sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, or stalking is considered a violation of policy and may result in disciplinary action. The procedures and mutual obligations of the VSC and the employee under any collective bargaining agreement, or the VSC personnel handbook, will apply to any such disciplinary action.

### **(C) Reporting to Law Enforcement Agencies**

The VSC encourages accurate and prompt reporting of all crimes to Public Safety and/or to state and local enforcement, when the victim of a crime elects to make a report, as well as when the victim is unable to make a report due to physical or mental incapacity. Definitions of consent and the crimes of dating violence, domestic violence, sexual assault, and stalking under Vermont law are set forth in **Exhibit B** to these Procedures. Contact information for Vermont's Special Investigation Units, by county, is set forth in **Exhibit C** to these Procedures. Additional contact information for local law enforcement agencies shall be published on VSC websites (visit <https://resolve.vsc.edu/>) and made available at the offices of the Chancellor, President, the Dean of Students, Human Resources, Public Safety, and any campus counseling/health center.

The VSC will not wait for the conclusion of a criminal investigation or proceeding to process complaints or begin its own investigation under this policy. The VSC will, however, comply with valid requests by law enforcement for cooperation in a criminal investigation and may, if so requested, temporarily delay an investigation while law enforcement initially gathers evidence.

In certain circumstances, the VSC may need to report an incident of sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, or stalking to law enforcement, such as where the incident warrants undertaking safety and security measures for the protection of an individual and/or the VSC community, including but not limited to situations where there is clear and imminent danger and/or where a weapon may be involved. The complainant may choose whether to assist law enforcement.

## **VI. REPORTING AND INITIAL PROCEDURES REGARDING REPORTS OF PROHIBITED CONDUCT**

### **(A) Reporting**

Any VSC student, faculty member, staff member or third party who has reasonable cause to believe that sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault or stalking has occurred or is occurring should report this information to the immediate attention of the appropriate Title IX Coordinator. Contact information can be found in Appendix A.

A report or complaint may be made verbally (in person, by phone, or videoconferencing) during applicable business hours, or in writing (via mail, email or through <https://resolve.vsc.edu/>) 24 hours per day, 7 days per week.

### **1. Reports Regarding Students**

A report regarding sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, or stalking by a student shall be filed with the Title IX Coordinator.

### **2. Reports Regarding Employees**

A report regarding sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, or stalking by an employee shall be filed with the Title IX Coordinator. A complaint against a Title IX Coordinator shall be filed with the President of the Member Institution, who will designate an alternate contact person. A complaint against a President shall be filed with the Chancellor, who will designate an alternate contact person. A formal complaint against an employee in the Office of the Chancellor shall be filed with the VSC Director of Human Resources (or the Director's designee). A complaint against the VSC Director of Human Resources shall be filed with the Chancellor, who will designate an alternate contact person. A formal complaint of such misconduct against the Chancellor shall be filed with the Chair of the Board of Trustees.

Respondents who are represented by a union may exercise their rights, pursuant to federal and state labor law, through these procedures, including, but not limited to, the right to have a union representative present for any interview or meeting.

### **3. Reports Regarding Third Parties**

A report regarding sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, or stalking committed by a third party shall be filed with the Title IX Coordinator. The VSC's ability to take disciplinary action against a third party may be limited, depending on the particular circumstances, but may include banning the third party from campus.

#### **(B) Initial Communication with Complainant**

If the report alleges conduct that would, if proved, be prohibited by Policy 311-A, the Title IX Coordinator will:

- promptly contact the complainant to discuss the availability of supportive measures as defined above;
- consider the complainant's wishes with respect to supportive measures;
- inform the complainant of the availability of supportive measures with or without the filing of a formal complaint; and

- explain to the complainant the process for filing a formal complaint.

### **(C) Formal Complaints**

After an initial discussion, the complainant will be asked to prepare a written statement describing the alleged conduct. The statement should include information such as (if known) the date and time of the alleged misconduct, the name of the respondent, the circumstances surrounding the alleged conduct, and the identity of any person who may have knowledge or information about the conduct. The complainant may incorporate by reference a previously-prepared statement (such as an e-mail, an affidavit, or a statement provided to law enforcement). The Title IX Coordinator may alternatively draft a statement, based upon the complainant's verbal description of the alleged conduct, for the complainant's review and approval. To be considered a formal complaint, this document must be filed by a complainant, signed personally or electronically by the complainant (or signed by the Title IX Coordinator under circumstances outlined below), and request that VSC investigate reported Prohibited Conduct.

### **(D) Determinations of Applicable Procedures, Dismissals, Transfers and Appeals of Such Determinations**

When a complainant requests an investigation, the Title IX Coordinator will promptly upon receipt of a formal complaint:

- 1) determine whether the conduct alleged would, if proved, constitute Title IX Sexual Harassment (i.e., *Quid Pro Quo* Sexual Harassment, Severe, Pervasive and Objectively Offensive Sexual Harassment, Sexual Assault, or sex-based Domestic Violence, Dating Violence or Stalking) as defined in the Title IX Sexual Harassment definition in Policy 311-A;
- 2) determine whether the conduct allegedly occurred in VSC's education program or activity;
- 3) determine whether the conduct allegedly occurred in the United States; and
- 4) determine whether at the time the formal complaint was made, the complainant was participating or attempting to participate in a VSC program or activity.

If a formal complaint of conduct that would, if proved, satisfy all four of these elements and constitute Title IX Sexual Harassment as defined in this policy is received or signed by the Title IX Coordinator, it will be investigated and resolved through the procedures applicable to Title IX Sexual Harassment matters as outlined below.

VSC will, as noted above, investigate alleged Title IX Sexual Harassment when a complainant submits a signed or electronically-submitted formal complaint to the Title IX coordinator and requests an investigation. In cases

where the complainant does not wish to submit a formal complaint but the Title IX Coordinator decides in their discretion to sign a complaint and initiate an investigation and resolution process, the Title IX Coordinator will not be a complainant or otherwise a party to the matter.

If some but not all of the conduct alleged in the complaint satisfies all four of these elements and a formal complaint is received from a complainant or signed by the Title IX Coordinator, VSC will, in its discretion, address the entire matter through the procedures applicable to Title IX Sexual Harassment matters as outlined below (that is, it will as required by federal regulations follow Title IX Sexual Harassment procedures to address the alleged Title IX Sexual Harassment, and it will, to promote efficiency, choose to follow Title IX Sexual Harassment procedures to address Non-Title IX Sexual Misconduct and other non-Title IX alleged misconduct in such mixed cases, so that all related misconduct may be addressed through one investigation and resolution process).

If it appears based upon initial review or upon information gathered during an investigation that the matter does not satisfy and/or no longer satisfies all four of these elements, VSC will, as required by May 2020 Title IX regulations, dismiss the matter for purposes of the Title IX Sexual Harassment process, and will transfer it for handling under the Non-Title IX Sexual Misconduct procedures outlined here or in other VSC procedures, as deemed appropriate by VSC.

Even if the allegations of a matter fall within the definition of Title IX Sexual Harassment, VSC may (but is not required to) dismiss a formal complaint or any allegations therein if at any time during the investigation or resolution process:

- a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- the respondent is no longer enrolled or employed by VSC; or
- specific circumstances prevent VSC from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

If a formal complaint is dismissed by VSC under the circumstances described above, VSC will simultaneously provide to the parties written notice (by electronic or other means) of the dismissal and the reasons for the dismissal, and notice of the parties' opportunity to appeal such dismissal through the Title IX Sexual Harassment appeal procedures outlined below.

If the respondent is a student and an employee, the Title IX Coordinator will determine which procedures apply based upon the facts and circumstances, such as whether the respondent's status as a student or an employee predominates in the context of the Prohibited Conduct. If a student-employee is found to have engaged in Prohibited Conduct, the student-employee may be subject to sanctions both in connection with their employment, and in connection with their student status, as appropriate under these and other applicable procedures.

## **(E) Notice**

If VSC initiates an investigation of Title IX Sexual Harassment or Non-Title IX Sexual Misconduct it will provide to the parties a written notice (by electronic or other means) that includes:

Information about VSC's formal and informal resolution processes;

- A statement of the allegations of behavior potentially constituting Prohibited Conduct, including sufficient details known at the time and with sufficient time to prepare a response before any initial post-intake interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting Prohibited Conduct, and the date and location of the alleged incident, if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
- Information regarding VSC's presumption of good faith reporting and a summary of the false information policy outlined in Policy 311-A; and
- Notification that parties may have an advisor of their choice, who may be, but is not required to be, an attorney.
- Notification of existing counseling, health and mental health services available on campus and/or in the community.
- Notification that taking any retaliatory action (directly or through others) against any person involved in the investigation is prohibited and will be considered a separate violation of VSC policy.

In Title IX Sexual Harassment cases, the notice will also notify parties that they may inspect and review evidence during the investigation and resolution process, as provided below.

Copies of the written notice to the respondent shall be provided to the complainant, the Title IX Coordinator, the investigators, and VSC's general counsel.

If, in the course of an investigation, VSC decides to investigate allegations about any party that are not included in the notice described above, it will provide notice of the additional allegations to the parties whose identities are known.

#### **(F) Consolidation of Formal Complaints**

VSC may consolidate formal complaints as to allegations of Title IX Sexual Harassment and/or Non-Title IX Sexual Misconduct against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of such Prohibited Conduct arise out of the same facts or circumstances. Where a grievance process involves more than one complainant or more than one respondent, references in this section to the singular "party," "complainant," or "respondent" include the plural, as applicable.

#### **(G) Acceptance of Responsibility**

If at any point during an investigation, a respondent chooses to accept responsibility under this policy and the Title IX Coordinator has concluded that the respondent is doing so with full knowledge of their rights to participate in the investigation and resolution procedures described below, the RCA may issue a determination and impose disciplinary sanctions upon the respondent in accordance with Article IX below. The RCA may also take other action that is reasonably calculated to address the conduct and prevent its recurrence, including further investigation of the allegations. By accepting responsibility and the imposition of any assigned disciplinary sanction, the respondent waives the right to appeal.

## **VII. INVESTIGATIONS**

### **(A) Appointing Investigators**

The Title IX Coordinator will appoint at its discretion an investigator or investigators<sup>[1]</sup> who is/are impartial, qualified, and trained, to investigate complaints alleging violations of Policy 311-A. Investigators may be employees of the Member Institution, other VSC employees, or outside investigators.

In selecting the investigator for a particular matter, the Title IX Coordinator will take care to select an individual who does not have a conflict of interest or bias against complainants or respondents generally or an individual complainant or respondent. The complainant or respondent may raise an objection to the selection of a particular investigator if either believes there is a conflict of interest or demonstrable or reasonably perceived bias on the part of the investigator. Any such objections must be raised upon receipt of notice of the appointments. The RCA shall have final authority in the appointment of investigators.

### **(B) Conducting the investigation**

The investigator will conduct an investigation that is prompt, fair, impartial, and appropriate under the circumstances. The nature and scope of the investigation is within the discretion of the investigator.

The investigation will be conducted as promptly as possible, without compromising thoroughness. The investigator will endeavor to prepare their report within 45 calendar days from their appointment to serve as investigator, excluding scheduled breaks during the fall and spring semesters and other VSC Holidays or closures. This timeframe may be extended for good cause with written notice to the parties of the delay and the reason(s) for the delay.

#### **(1) Witnesses and Evidence**

The investigator will interview the complainant, respondent, and any witnesses separately. The complainant and respondent will be asked to identify: (a) relevant evidence they would like the investigator to review; (b) witnesses they would like the investigator to interview; and (c) questions they would like the investigator to ask the witnesses. The investigator has discretion as to what

evidence to pursue, which witnesses to interview, and which questions to ask, depending on their determination of what they reasonably believe to be related to the issues in dispute.

The investigator is authorized to contact any and all individuals who may have relevant information. VSC recognizes, however, that individuals who are bound by legal privileges may not be able to disclose privileged information, unless an exception applies. The investigator is authorized to access relevant records, except those legally protected as confidential or privileged, and may collect any additional evidence relevant to the complaint. The investigator will not access, consider, disclose or otherwise use a party's privileged records without the party's voluntary, written consent to do so, and such information will not be deemed relevant to an investigation or adjudication absent the voluntary, written consent of the party.

## **(2) Advisors**

Complainants and respondents are entitled to the same opportunity to have an advisor of their choosing present at any interview or meeting they have with an investigator.[2] Any such advisor may advise the complainant or respondent privately, but cannot act as a speaking advocate. An investigator may terminate the meeting and proceed with the investigation based on otherwise-available information if an advisor refuses to comply with these requirements. Because a Policy 311-A investigation may lead to discipline, a respondent who is a bargaining unit member has the right to be accompanied to the interview by a union representative.

## **(3) Additional Policy Violations**

If, in the course of the investigation, other allegations against the respondent surface which could result in discipline under this policy, other VSC policies, policies of the Member Institution, any collective bargaining agreement, or personnel handbook, the investigator will inform the respondent, in writing, of such allegations and the respondent will be given an opportunity to respond to the additional allegations before the investigators submit their report. If the alleged additional violations are related to the allegations contained in the complaint, they will be handled through the procedures otherwise applicable to allegations in the formal complaint, as provided below. If the alleged additional violations are unrelated to the allegations contained in the complaint, the VSC may choose to address these separately and not as part of the ongoing investigatory and adjudicatory process.

## **(4) General Investigation Provisions Applicable Only to Title IX Sexual Harassment Matters**

The following general investigation-related provisions are applicable only to the investigation of matters that fall within the definition of Title IX Sexual Harassment, as required by May 2020 Title IX regulations. In such matters, the following provisions will apply:

- Parties' equal opportunity to present witnesses may include evidence from fact and expert witnesses; and
- Parties are not restricted in their ability to discuss the allegations under investigation or to gather and present relevant evidence; and
- Parties whose participation is invited or expected will receive written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate.[3]

### **(C) Preliminary Investigative Report**

In both Title IX Sexual Harassment matters and Non-Title IX Sexual Misconduct matters, when the investigator has completed witness interviews and the gathering of evidence as deemed appropriate by the investigator, the investigator will prepare a preliminary investigative report. The preliminary investigative report will summarize relevant evidence but will not contain any recommendations regarding whether the respondent violated Policy 311-A or any other VSC policy at issue.

#### **1. Preliminary Report Provisions Applicable only to Title IX Sexual Harassment Matters**

In Title IX Sexual Harassment cases, the following additional provisions will apply during the preliminary investigative report stage of the investigation:

- VSC will provide each party with an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised, including the evidence upon which VSC does not intend to rely in reaching a determination regarding responsibility and/or which the investigator does not deem relevant, and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Such evidence will not include un-redacted privileged records or information that may have been gathered or received during the investigation, absent written consent from the party holding the privilege.
- VSC will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy.

- Parties and advisors are not permitted to download, print or copy such evidence subject to inspection and review, and are not permitted to re-disclose such evidence without VSC's permission. Parties and advisors will be required to sign an acknowledgment form indicating that they understand these prohibitions. Violations of these prohibitions may subject parties to VSC discipline under applicable conduct codes.

#### **(D) Review and Response to Preliminary Investigative Report**

In both Title IX Sexual Harassment and Non-Title IX Sexual Misconduct matters, the complainant and the respondent will have an opportunity to review the preliminary report and provide written responses to the report. The complainant and the respondent must submit any comments, feedback, additional documents, evidence, suggested questions for individuals interviewed, requests for additional investigation, names of additional witnesses, or any other information they deem relevant to the investigator, additional documents or other evidence, within 10 calendar days after the preliminary report is sent to them for review. The parties' written responses will be considered by the investigator prior to completion of the final investigative report, and some or all of the responses may be attached or otherwise incorporated into the final investigative report.

In the event that new, relevant information is provided or identified at this stage, the information will be incorporated into the preliminary report as deemed appropriate by the investigator, and, if the investigator, in consultation with the Title IX Coordinator, determine the new information is sufficiently material to the investigation, the complainant and the respondent will be provided a second opportunity to review and provide a written response regarding the new information within five calendar days, which the investigator will consider prior to completion of the final investigation report. Identification of new and relevant information after the parties' review of the preliminary report is likely to extend the time frame of the investigation.

#### **(E) Final Investigative Report.**

##### **1. Final Investigative Report Generally**

In both Title IX Sexual Harassment matters and Non-Title IX Sexual Misconduct matters, after considering any written response submitted by either party, or after the 10 calendar day comment period has lapsed without receiving a written response or responses, the investigator will address any relevant issues identified by the complainant and/or the respondent, and as appropriate, pursue any additional investigative steps as needed. The final investigative report may include the investigator's recommendation as to whether the respondent should be found responsible for violating the policy provisions at issue. The investigator's recommendation, if any, will be reached by applying the preponderance of evidence standard, i.e., whether it is more likely than not that the policy was violated. The final investigative report will be reviewed by the Title IX Coordinator before it is issued. Final investigative reports will be provided simultaneously to the parties and their advisors, if any, and a copy will also be provided to the VSC's general counsel.

## **2. Final Investigative Report Provisions Applicable Only to Title IX Sexual Harassment Matters**

The following provisions regarding the final investigative report will apply in Title IX Sexual Harassment matters:

- The final investigative report created by the investigator will fairly summarize relevant evidence and include as exhibits evidentiary materials as deemed appropriate by the investigator;
- At least 10 calendar days prior to the hearing referenced below, VSC will send to each party and the party's advisor, if any, the final investigative report and exhibits in an electronic format or a hard copy, for their review and written response;
- Any written response a party wishes to provide must be submitted to the Title IX Coordinator or designee within 10 calendar days of receiving the final investigative report and exhibits; and
- The final investigative report and the parties' written responses, if any, will be provided to the hearing officer in advance of the hearing.

## **VIII. HEARINGS**

### **A. Hearing and Resolution Provisions Applicable Only to Title IX Sexual Harassment Matters**

#### **1. Hearings**

Live hearings will be provided in Title IX Sexual Harassment matters, as required by May 2020 Title IX regulations.

#### **2. Hearing Officers**

Hearings will be presided over by a hearing officer, who will make the decision by a preponderance of the evidence as to whether or not the respondent violated the policy provisions at issue. The hearing officer has broad authority to determine the process, timing and conduct of a hearing. For example, the hearing officer will determine the order of presentation, timing and overall duration of the hearing, what information and evidence will be heard, what information and questions are relevant to the determination of the matter, and what cross-examination questions will or will not be permitted.

Hearing officers will be appointed by the Title IX Coordinator. In selecting a hearing officer for a particular matter, the Title IX Coordinator will take care to select an individual who does not have a conflict of interest or bias against complainants or respondents generally or an individual complainant or respondent. VSC will notify the parties of the identity of the hearing officer in advance of the hearing, and parties may, within three calendar days of sending such notice, object to the service of the hearing officer by providing a written statement (which may be transmitted electronically) as to why the party believes that the hearing officer has a conflict of interest or bias. The Title IX Coordinator or designee will make decisions regarding such objections and the appointment of an alternate hearing officer, as necessary.

### **3. Advisors**

Each party may have an advisor of their choice present at a hearing for the limited purpose of conducting cross-examination on behalf of that party. Advisors may be, but are not required to be, attorneys. If a party does not have an advisor of their choice present at a hearing, VSC will without fee or charge to the party provide an advisor of VSC's choice, again for the limited purpose of conducting cross-examination on behalf of that party. No later than 10 calendar days before the hearing, parties should inform the Title IX Coordinator of the identity of any advisor of choice who will accompany them to the hearing, so that VSC will know whether or not it needs to arrange for the presence of a VSC-provided advisor.

At a time and manner deemed appropriate by the hearing officer, the advisor for each party will be permitted to ask the other party and any witnesses all relevant cross-examination questions and follow-up questions, including those challenging credibility. Except for that limited role, advisors may not participate actively in the hearing and may not speak or otherwise communicate on the part of the party that the advisor is advising. However, the advisor may consult privately in a non-disruptive manner with their advisee during and/or at a recess in the hearing. Scheduling accommodations generally will not be made for advisors if they unduly delay the process. VSC reserves the right to take appropriate action regarding any advisor who disrupts the process, or who does not abide by the restrictions on their participation as determined in the sole discretion of the hearing officer, which may include exclusion of the advisor from the hearing and the appointment of an alternate VSC-provided advisor and, in extreme cases, exclusion of the advisor from future hearings.

### **4. Requests for Appearance of Witnesses**

If a Party wishes to have an individual appear at the hearing as a witness, they must provide notice of the identity of the proposed witness and a brief description of the subject matter of the witnesses' testimony to the Title IX Coordinator or designee at least 10 calendar days before the date of the hearing. The Title IX Coordinator or designee, in consultation with the hearing officer as necessary, will determine whether the witness is likely to have information that is relevant to the hearing, and if it is determined that the witness is likely to have relevant information, the Title IX Coordinator or designee will inform the witness that their presence at the hearing is required (to the extent that VSC has jurisdiction to require the presence of the witness) or requested.

### **5. Conduct of Hearings and Relevance**

At or before the hearing, the hearing officer will receive a copy of the final investigative report, any attachments thereto, and copies of the parties' written responses to the final investigative report, if any, which will be part of the information of record to be considered by the hearing officer.

Subject to the discretion of the hearing officer, hearings will ordinarily begin with introductory remarks by the hearing officer, followed by opening statements from any party who wishes to provide one, followed by the hearing officer's asking relevant initial questions of the parties as deemed appropriate by the hearing officer. During this portion of the hearing, advisors may confer privately and in a non-disruptive manner with their advisee, but they are not allowed to make opening statements or otherwise address the hearing officer or anyone else present at the hearing.

After the hearing officer has asked their initial questions of the parties, the hearing officer will permit each party's advisor to ask the other party all relevant questions and follow-up questions, including those challenging credibility.

Subject to the discretion of the hearing officer, questioning of witnesses will generally follow a similar process, whereby the hearing officer will pose relevant questions to each witness, then the parties' advisors will be permitted to ask relevant questions of witnesses.

In accordance with May 2020 Title IX regulations, such cross-examination by advisors will be conducted directly, orally, and in real time by the party's advisor of choice and never by a party personally.

Only relevant cross-examination and other questions may be asked of a party or witness. Before a complainant, respondent, or witness answers a cross-examination or other question, the hearing officer will first determine whether the question is relevant and explain any decision to exclude a question as not relevant. Advisors are not permitted to object to hearing officer decisions regarding relevance during a hearing.

Regarding the evidence subject to inspection and review that was provided to the parties and their advisors under the Title IX Sexual Harassment matter-specific investigation procedures outlined above, a copy of such evidence will be made available at the hearing, and each party and/or their advisor (as applicable) will have an equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination.

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

Information protected under a legally recognized privilege (such as, for example, privileged communications between a party and their physician, psychiatrist, psychologist, or other recognized professional or

paraprofessional acting in a treatment capacity, or privileged communications between a party and their attorney), is not relevant unless the person holding the privilege has waived the privilege.

At the request of either party, VSC will provide for the hearing to occur with the parties located in separate rooms with technology enabling the hearing officer and parties to simultaneously see and hear the party or the witness answering questions. Live hearings may be conducted with all parties physically present in the same geographic location or, at VSC's discretion, any or all parties, witnesses, and other participants may appear at the live hearing virtually, with technology enabling participants simultaneously to see and hear each other.

If a party or witness does not submit to cross-examination at the live hearing, the hearing officer has discretion, upon evaluation consistent with applicable legal principles, to rely on any statement of that party or witness in reaching a determination regarding responsibility; provided, however, that the hearing officer will not draw an inference about the determination regarding responsibility based solely on a party's or witness's absence from the live hearing or refusal to answer cross-examination or other questions.

At the discretion of the hearing officer, parties (but not their advisors) will usually be given an opportunity to make a closing statement at the conclusion of the hearing.

## **6. Record of Hearings**

VSC will create an audio or audiovisual recording and/or transcript (at its discretion), of any live hearing, and will make it available to the parties for inspection and review.

## **7. Determinations Regarding Responsibility**

Within 30 calendar days after the hearing, the hearing officer (and, if necessary, the sanctioning officer, as provided below) will prepare and issue a written determination regarding responsibility and sanctions. In determining responsibility, the hearing officer will apply the preponderance of the evidence standard. The written determination will include:

- Identification of the section(s) of VSC's Policy 311-A alleged to have been violated;
- A description of the procedural steps taken from the receipt of the complaint through the determination, including but not limited to, as applicable, any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- Findings of fact supporting the determination;
- Conclusions regarding the application of definitions of sexual harassment in VSC's Policy 311-A to the facts;
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility and, where necessary and in collaboration with the sanctioning officer, a statement regarding any sanctions and the rationale therefor; and

- Identification of VSC's procedures and permissible bases for the Complainant and Respondent to appeal (as outlined below).

The determination regarding responsibility becomes final either on the date that VSC provides the parties with the written determination of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which the appeal would no longer be considered timely.

The determination will also notify the parties whether remedies designed to restore or preserve equal access to the VSC's education program or activity will be provided by the VSC to the complainant, but will not provide details about any such remedies.

If sanctions are necessary, they will be assigned in accordance with the Sanctions section below. The parties will receive notice simultaneously of the written determination regarding responsibility and, if necessary, any sanctions as determined through the procedures outlined below.

## **B. Resolution and Other Provisions Applicable Only to Non-Title IX Sexual Misconduct Matters**

### **1. Hearings**

Live hearings will be provided in Non-Title IX Sexual Misconduct matters.

### **2. Hearing Officers**

Hearings will be presided over by a hearing officer, who will make the decision by a preponderance of the evidence as to whether or not the respondent violated the policy provisions at issue. The hearing officer has broad authority to determine the process, timing and conduct of a hearing. For example, the hearing officer will determine the order of presentation, timing and overall duration of the hearing, what information and evidence will be heard, what information and questions are relevant to the determination of the matter, and the nature and substance of any questions asked of parties and/or witnesses.

Hearing officers will be appointed by the Title IX Coordinator. In selecting a hearing officer for a particular matter, the Title IX Coordinator will take care to select an individual who does not have a conflict of interest or bias against complainants or respondents generally or an individual complainant or respondent. VSC will notify the parties of the identity of the hearing officer in advance of the hearing, and parties may, within 3 calendar days of such notice, object to the service of the hearing officer by providing a written statement (which may be transmitted electronically) as to why the party believes that the hearing officer has a conflict of interest or bias. The Title IX Coordinator or designee will make decisions regarding such objections and the appointment of an alternate hearing officer, as necessary.

### **3. Advisors**

Each party may have an advisor of their choice present at a hearing. Advisors may not participate actively in the hearing and may not speak or otherwise communicate on the part of the party that the advisor is advising.

However, the advisor may consult privately in a non-disruptive manner with their advisee during and/or at a recess in the hearing. Scheduling accommodations generally will not be made for advisors if they unduly delay the process. VSC reserves the right to take appropriate action regarding any advisor who disrupts the process, or who does not abide by the restrictions on their participation as determined in the sole discretion of the hearing officer, which may include exclusion of the advisor from the hearing and the alternate appointment of a VSC-provided advisor and, in extreme cases, exclusion of the advisor from future hearings

#### **4. Requests for Appearance of Witnesses**

If a party wishes to have an individual appear at the hearing as a witness, they must provide notice of the identity of the proposed witness and a brief description of the subject matter of the witnesses' testimony to the Title IX Coordinator or designee at least 10 calendar days before the date of the hearing. The Title IX Coordinator or designee, in consultation with the hearing officer as necessary, will determine whether the witness is likely to have information that is relevant to the hearing, and if it is determined that the witness is likely to have relevant information, the Title IX Coordinator or designee will inform the witness that their presence at the hearing is required (to the extent that VSC has jurisdiction to require the presence of the witness) or requested.

#### **5. Conduct of Hearings**

At or before the hearing, the hearing officer will receive a copy of the final investigative report, any attachments thereto, and copies of the parties' written responses to the final investigative report, if any, which will be part of the information of record to be considered by the hearing officer.

Subject to the discretion of the hearing officer, hearings will ordinarily begin with introductory remarks by the hearing officer, followed by opening statements from any party who wishes to provide one, followed by the hearing officer's asking relevant initial questions of the parties as deemed appropriate by the hearing officer. During this portion of the hearing, advisors may confer privately and in a non-disruptive manner with their advisee, but they are not allowed to make opening statements or otherwise address the hearing officer or anyone else present at the hearing.

After the hearing officer has asked their initial questions of the parties, the hearing officer will permit each party to submit to the hearing officer proposed questions that they would like the hearing officer to pose to the other party. The hearing officer may at their discretion pose, rephrase, or decline to pose any and all such proposed questions. Subject to the discretion of the hearing officer, questioning of witnesses will generally follow a similar process, whereby the hearing officer will pose relevant questions to each witness, then the parties may submit to the hearing officer proposed questions that they would like the hearing officer to pose to each witness. The hearing officer may at their discretion pose, rephrase, or decline to pose any and all such proposed questions. No direct cross-examination of parties or witnesses by parties or their advisors will be permitted.

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent.

Information protected under a legally recognized privilege (such as, for example, privileged communications between a party and their physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in a treatment capacity, or privileged communications between a party and their attorney), is not relevant unless the person holding the privilege has waived the privilege.

At the request of either party, VSC will provide for the hearing to occur with the parties located in separate rooms with technology enabling the hearing officer and parties to simultaneously see and hear the party or the witness answering questions. Live hearings may be conducted with all parties physically present in the same geographic location or, at VSC's discretion, any or all parties, witnesses, and other participants may appear at the live hearing virtually, with technology enabling participants simultaneously to see and hear each other.

Formal rules of evidence do not apply to hearings under these procedures. The hearing officer will accept, consider and give weight to information as deemed appropriate at the discretion of the hearing officer.

At the discretion of the hearing officer, parties (but not their advisors) will usually be given an opportunity to make a closing statement at the conclusion of the hearing.

## **6. Record of Hearings**

VSC will create an audio or audiovisual recording, and/or transcript (at its discretion), of any live hearing and make it available to the parties for inspection and review.

## **7. Determinations Regarding Responsibility**

Within 30 calendar days after the hearing, the hearing officer (and, if necessary, the sanctioning officer, as provided below) will prepare and issue a written determination regarding responsibility and sanctions. In determining responsibility, the hearing officer will apply the preponderance of the evidence standard. The written determination will include:

- Identification of the section(s) of VSC's Policy 311-A alleged to have been violated;
- A description of the procedural steps taken from the receipt of the complaint through the determination, including but not limited to, as applicable, any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- Findings of fact supporting the determination;

- Conclusions regarding the application of definitions of sexual harassment in VSC's Policy 311-A to the facts;
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility and, where necessary and in collaboration with the sanctioning officer, a statement regarding any sanctions and the rationale therefor; and
- Identification of VSC's procedures, timelines and permissible bases for the complainant and respondent to appeal (as outlined below).

The determination regarding responsibility becomes final either on the date that VSC provides the parties with the written determination of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which the appeal would no longer be considered timely.

If sanctions are necessary, they will be assigned in accordance with the Sanctions section below. The parties will receive notice simultaneously of the written determination and, if necessary, any sanctions as determined through the procedures outlined below.

## **IX. SANCTIONS**

### **(A) Student Respondents**

#### **(1) Disciplinary Action**

If the hearing officer determines that a student has engaged in conduct that violates Policy 311-A (or other VSC policies, if applicable), information about the matter will be provided to the RCA, and the RCA will impose disciplinary sanctions on the student. The RCA shall consider what sanctions are: (1) fair and appropriate given the facts of the particular case, including whether the respondent has accepted responsibility for their actions, and the impact of separating a student from their education; (2) necessary to restore or preserve the complainant's equal access to the education programs or activities of the VSC; and (3) adequate to protect the safety of the complainant and the VSC community.

Possible disciplinary sanctions include verbal and written warnings, written reprimands, education, counseling, loss of privileges, probationary status, removal from College housing, suspension, dismissal/expulsion, revocation of degree, and/or withholding of transcript or other action determined to be appropriate under the circumstances. The sanctions of probation, removal from campus housing, and suspension will be for a particular period of time, ranging from a number of days to a number of semesters, as determined on a case-by-case basis.

Regardless of the finding, other non-disciplinary action may be taken as appropriate under the circumstances, including but not limited to room changes, class changes, building restrictions, extracurricular activity restrictions, modification of no contact orders, and other actions to restore or preserve the complainant's equal access to the education programs or activities of the VSC.

To the extent permitted by law, the complainant and respondent will be notified, simultaneously and in writing, of: (1) the hearing officer's determination (as described above); (2) the disciplinary sanctions, if any, to be imposed by the RCA; and (3) the VSC's procedures for complainants and respondents to appeal the determination and disciplinary sanctions. Again, the notification will include the rationale for the determination and for any sanctions. A copy of the hearing officer's and RCA's determination will be sent to the Title IX Coordinator and to VSC's general counsel.

**(2) Time-frame**

Absent extenuating circumstances, the RCA will endeavor to issue a determination as to any sanctions (or other action) within fourteen (14) calendar days after receiving notice of the hearing officer's decision regarding responsibility. This period is included within the 30-day period for the hearing officer to issue a final determination, detailed above, and may be extended for good cause, with written notification to the parties.

**(B) Employee Respondents**

**(1) Disciplinary Action**

If the hearing officer determines that an employee has engaged in conduct that violates Policy 311-A (or other VSC policies, if applicable), information about the matter will be provided to the RCA, and the RCA will impose disciplinary sanctions on the employee, consistent with the applicable terms of any collective bargaining agreement.

Disciplinary action under existing policies and/or contracts may include verbal warnings, written warnings, written reprimands, probation, suspension, termination of employment, non-renewal of a contract, referral to a separate process (for determination of employment-status sanctions only) as defined by or provided in the applicable collective bargaining agreement, or other action determined to be appropriate under the circumstances. The sanctions of probation and suspension will be for a particular period of time, ranging from a number of days to a number of semesters, as determined on a case-by-case basis.

Regardless of the finding, other non-disciplinary action may be taken as appropriate under the circumstances, including, but not limited to, extending and modifying no contact orders, room changes, class changes, work schedule changes, building restrictions, and other actions to preserve the rights of the complainant to a safe environment.

**(2) Time-frame**

Absent extenuating circumstances, the RCA will endeavor to issue a determination regarding sanctions within fourteen (14) days of receiving notice of the hearing officer's decision regarding responsibility. This period is included within the 30-day period for the hearing officer to issue a final determination, detailed above, and may be shorter or longer depending on the circumstances, including any

contractual rights of the parties. The parties will be notified if changes are made to the time-frame. A copy of the written determination will be sent to the Title IX Coordinator and to VSC's general counsel.

## **IX. APPEAL**

### **(A) Student Respondents**

In cases in which the respondent is a student, both the complainant and respondent have the right to appeal:

- the Title IX Coordinator's dismissal of a formal complaint for Title IX purposes based on the Title IX Coordinator's determination that it did not fall within the definition of Title IX Sexual Harassment; or
- the result of a hearing and/or sanctioning process, on the following grounds:
  - Procedural irregularity that affected the outcome of the matter;
  - New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
  - The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; and/or
  - The sanction is substantially disproportionate to the findings.

Within seven (7) calendar days of receiving notice of the Title IX Coordinator's dismissal for Title IX purposes or the final determination and notification of any discipline or sanctions to be imposed, the parties may appeal to the President of the Institution (or the President's designee) by delivering a written statement of appeal to the President and to the Title IX Coordinator. The Title IX Coordinator will notify the other party of the appeal and the other party will be given seven (7) calendar days in which to submit a written response to the appeal to the President (or the President's designee), with a copy to the Title IX Coordinator. Both parties will be informed simultaneously and in writing, of (1) any change to the discipline and/or sanctions imposed while the appeal is pending, and (2) the final decision, to the extent permitted by law. The decision of the President (or the President's designee) is final. A copy of the President's decision will be sent to the Title IX Coordinator and to VSC's general counsel.

### **(B) Employee Respondents**

#### **1. Appeals From Initial Determinations**

In cases in which the respondent is an employee, both the complainant and respondent have the right to appeal the Title IX Coordinator's dismissal of a formal complaint for Title IX purposes based on the Title IX Coordinator's determination that it did not fall within the definition of Title IX Sexual Harassment. Within seven (7) calendar days of receiving the notification of such a decision by the Title IX Coordinator, the parties

may appeal to the President of the Institution (or the President's designee), or to the Chancellor (or the Chancellor's designee) as appropriate, by delivering a written statement of appeal to the President or Chancellor and to the Title IX Coordinator. The Title IX Coordinator will notify the other party of the appeal and the other party will be given seven (7) calendar days in which to submit a written response to the appeal to the President (or the President's designee) or to the Chancellor (or the Chancellor's designee) as appropriate, with a copy to the Title IX Coordinator. Both parties will be informed simultaneously and in writing, of the President's or Chancellor's decision. The decision of the President (or the President's designee) or the Chancellor (or the Chancellor's designee) as appropriate, is final.

## **2. Appeals in Title IX Sexual Harassment Cases**

In Title IX Sexual Harassment cases where the respondent is an employee, both the complainant and respondent have the right to appeal the result of a hearing and/or sanctioning process, on the following grounds:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and/or
- The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

Within seven (7) calendar days of receiving the final determination and notification of any discipline or sanctions to be imposed, the parties may appeal to the President of the Institution (or the President's designee), or to the Chancellor (or the Chancellor's designee) as appropriate, by delivering a written statement of appeal to the President or the Chancellor and to the Title IX Coordinator. The Title IX Coordinator will notify the other party of the appeal and the other party will be given seven (7) calendar days in which to submit a written response to the appeal to the President (or the President's designee), or to the Chancellor (or the Chancellor's designee) as appropriate, with a copy to the Title IX Coordinator. Both parties will be informed simultaneously and in writing, of (1) any change to the discipline and/or sanctions imposed while the appeal is pending, and (2) the final decision, to the extent permitted by law. The decision of the President (or the President's designee) or the Chancellor (or the Chancellor's designee) as appropriate, is final. A copy of the President's or Chancellor's decision will be sent to the Title IX Coordinator and to VSC's general counsel.

## **3. Appeals in Non-Title IX Sexual Misconduct Cases**

In Non-Title IX Sexual Misconduct cases where the respondent is an employee, the respondent's right to appeal shall be governed by the relevant employee collective bargaining agreement or the VSC personnel handbook for those employees not covered by a collective bargaining agreement. Both parties will be informed simultaneously and in writing, of (1) any change to the discipline and/or sanctions imposed while the

appeal is pending, and (2) the final decision, to the extent permitted by law. A copy of the decision shall be sent to the Title IX Coordinator and to VSC's general counsel.

## **X. INFORMAL RESOLUTION**

Informal resolution is a voluntary resolution option that does not involve formal hearing-based resolution procedures. Informal resolution may be used in Title IX Sexual Harassment matters in which a formal complaint has been filed by a Complainant or signed by the Title IX Coordinator, and in Non-Title IX Sexual Misconduct matters when deemed appropriate by the Title IX Coordinator. The VSC will not offer to facilitate an informal resolution process in any matter that involves allegations that an employee sexually harassed a student.

At any time prior to reaching a determination regarding responsibility, VSC may facilitate an informal resolution process (e.g., mediation or restorative justice) where requested by a party and agreed to by both parties. If a party requests the initiation of an informal resolution process and the Title IX Coordinator agrees that the matter is appropriate for informal resolution, VSC will provide to each party a written notice that discloses:

- The allegations;
- The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations-
  - o As noted below, VSC generally permits parties to withdraw from the informal resolution process and initiate or re-initiate a formal investigation and hearing process at any time before the informal resolution process is completed and any informal resolution is agreed to in writing by the parties; and
- Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

All parties and the Title IX Coordinator must agree to informal resolution for this option to be used. The Title IX Coordinator will assess the request for informal resolution in light of factors such as, but not limited to, the severity of the alleged violation and the potential risks to campus community members posed by the reported misconduct. VSC will only proceed with an informal resolution process if both parties provide their voluntary, written consent to having the matter resolved through the informal resolution process.

The matter will be deemed resolved if and when the parties expressly agree in writing to an outcome that is acceptable to them and which is approved by the Title IX Coordinator (in consultation with other VSC administrators as deemed necessary). A party may withdraw from the informal resolution process at any time prior to their execution of a written informal resolution agreement, consistent with the procedure developed by VSC. After an informal resolution is agreed to in writing between the parties, neither party may initiate a formal resolution process regarding the same factual allegations.

At any time before a matter is resolved through informal resolution, the Title IX Coordinator may terminate an informal resolution process and initiate or re-initiate a formal investigation and resolution process at any time, as they deem appropriate in their discretion.

#### **XI. NOTICES**

For purposes of this policy, written notifications to the parties and written responses from the parties may be hand-delivered, mailed, and/or sent to or from the parties' official VSC e-mail addresses and/or other e-mail addresses if known to the VSC, and/or sent via the VSC's secure file-sharing service. The same method of communication will be used where practicable for both the complainant and the respondent.

#### **XII. RECORD-KEEPING**

The Title IX Coordinator and designated College officials will treat reports of sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, or stalking and related complaints, investigative reports, and final determinations as confidential, to the extent allowed by law. The Title IX Coordinator will track these reports for statistical and reporting purposes. The Title IX Coordinator will also maintain records and post information as required by the May 2020 Title IX regulations.

#### **XIII. EDUCATIONAL PROGRAMMING**

The VSC will provide educational programming for students and employees addressing the issues of sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, and stalking, which will include: (1) primary prevention and awareness programs for incoming students and new employees; (2) safe and positive options for bystander intervention; (3) information on risk reduction to recognize warning signs of abusive behavior; and (4) ongoing prevention and awareness programs for students and employees. The VSC shall take the following steps:

- Include VSC Policy 311-A: *Sexual Harassment, Sexual Exploitation, Domestic Violence, Dating Violence, Sexual Assault, and Stalking* and its implementing procedures on the VSC's Policies and Procedures page of its website (<https://www.vsc.edu/board-of-trustees/policies-procedures/>)

and on the websites of member institutions, including at <https://resolve.vsc.edu/>;

- Include links to Policy 311-A and its implementing procedures in appropriate publications provided to students and employees;
- Provide educational materials on sexual harassment, sexual exploitation, dating violence, domestic violence, sexual assault, stalking, and bystander intervention;
- Identify those individuals responsible for overseeing the development and implementation of prevention and awareness programs;

- Develop primary and ongoing prevention and awareness programs for students and employees;
- Select and train Title IX Coordinators;

- Select and train designated contact persons;

- Select and train investigators regularly regarding the issues related to sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, and stalking, and how to conduct investigations that are prompt, fair, and impartial; and

- Regularly train Responsible College Administrators and any others responsible for adjudicating complaints and considering appeals regarding the issues related to sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, and stalking, and how to conduct an adjudication process that is prompt, fair, and impartial.

The member institutions and the Office of the Chancellor shall continue to support, monitor and revise the educational prevention and awareness programs and informational materials as they work toward the goals of eliminating sexual harassment, sexual exploitation, domestic violence, dating violence, sexual assault, and stalking and of enhancing mutual trust and respect.

Every order issued under this section shall state upon its face a date, time, and place that the defendant may appear to petition the court for modification or discharge of the order. This opportunity to contest shall be scheduled as soon as reasonably possible, which in no event shall be more than 14 days from the date of issuance of the order. At such hearings, the plaintiff shall have the burden of proving by a preponderance of the evidence that the defendant stalked or sexually assaulted the plaintiff. [1] For ease of reference, the singular “investigator” will be used throughout the remainder of these procedures.

[2] A party may change advisors during the course of the investigatory and adjudicatory process. A party may request that the Title IX Coordinator and/or the investigators copy their advisor on communications with the party. Typically, each party may have only one advisor present at an interview or meeting, however, in extenuating circumstances, the Title IX Coordinator may grant a party’s request for permission to have an additional advisor or support person attend a meeting or interview during the investigation adjudicatory process. A party may have a different advisor during the investigation than the advisor they have to conduct cross-examine during the hearing in the matter, as discussed below.

[3] Parties to Non-Title IX Sexual Misconduct matters will receive adequate notice of meetings and hearings, but such notice may not include all of these elements.

# Preventing and Responding to Sexual Misconduct, Domestic Violence, Dating Violence and Stalking

Sexual misconduct often creates difficult emotional issues for the individual. Through regular educational programs, NVU seeks to promote awareness and to inform students of risk reduction strategies and of the steps to take in the event of sexual misconduct. Copies of, or links to, this policy are made available annually to all students and employees.

Victims of sexual misconduct, domestic violence, dating violence, sexual assault or stalking have the following options:

- To notify either police or campus authorities,
- To obtain assistance from campus authorities to notify the police,
- The option to decline to notify police or campus authorities.

The University is committed to taking action against those who violate code of conduct policies. A sexual misconduct violation can result in consequences up to and including criminal charges and dismissal from the University. The University is also committed to assisting individuals, regardless of whether the conduct occurs on or off campus. The following are important steps to take should an act of sexual misconduct occur:

- Get to a safe place as soon as possible. Contact a trusted person for support. This could include parents, a friend or;
  - For the Johnson Campus:
    - Your Hall Advisor
    - Public safety 802.635.1205
    - Your academic advisor
    - The dean of the student's office 802.635.1200
    - The NVU counseling center 802.635.1265
    - The Clarina Howard Nichols Center hotline 802.888.5256
    - Local Medical Providers
    - Parents or a trusted friend
  - For the Lyndon Campus:
    - RHD 24 hour duty phone 802.274.3152
    - Public Safety, ASAC Front Desk or Room 118 802.626.6452
    - Your academic advisor
    - Director of Student Life, Rita Bole 302 802.626.6417
    - Lyndon State College Health & Counseling Services 802.626.6440
    - Umbrella crisis intervention service 802.748.8645 or the 24-hour hotline 802.748.8141 (ask for the Umbrella advocate)
    - Northeast Kingdom Mental Health 802.748.3181

- Local medical providers  
Parents or a trusted friend

Further resources are available at: <https://resolve.vsc.edu>

- Do not wash, go to the bathroom, or change clothing, if it can be avoided. This will help to preserve physical evidence, should the individual decide to take legal action. If you must change clothing, all of the clothing worn at the time of the assault should be put in a paper bag (not plastic).
- Seek medical attention as soon as possible.
- Decide what actions to take (see below)

Everyone is strongly encouraged to report alleged violations. All Northern Vermont University employees who are not otherwise designated as a confidential source shall report any alleged violation of which they are aware or made aware to:

NVU Policy 311-A/Title IX  
Michele Whitmore  
Michele.Whitmore@NorthernVermont.edu  
802.635.1452

If the alleged violation is reported to any official at the University, the general information will become part of the University's crime statistics. Personally identifiable information about victims will not be included in any publicly available record-keeping, including the reporting and disclosure of annual crime statistics.

If you are a victim of sexual misconduct, you may still decide what, if any, further action you would like to take. You may report it to the state or local police and/or you may report it to Public Safety, the Dean of Students Office, or the Policy 311 Coordinator (see above). Regardless of where the offense occurred, the University will provide you with a written explanation of your rights and options.

Choosing not to request official action at the time of the incident does not preclude requesting action at a future date, though the process of adjudication becomes more difficult over time. Please note, that where circumstances warrant, the University may report and/or investigate an alleged violation even if you choose not to pursue official action. You are not obligated to cooperate in this process.

The institutional disciplinary process shall provide a prompt, fair, and impartial investigation and resolution. The process will be conducted by officials who receive annual training on issues related to sexual misconduct (including sexual assault), domestic violence, dating violence, and stalking and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. The University will use the preponderance of the evidence standard (i.e. whether it is more likely than not that a violation occurred).

The accuser and accused are entitled to have an advisor of their choosing present during the University's disciplinary and adjudication process. ## **Immigration & Visa Information for Victims of Sexual & Interpersonal Violence**

### **What is an immigration lawyer and what do they do?**

Immigration lawyers have licensed attorneys who specialize in the field of immigration law. They function as the client's advocate, and can represent them before immigration agencies, both in immigration court as well as in filing applications for immigration benefits. The lawyer can give general advice and can discuss immigration options. Like all lawyers, immigration lawyers are bound by professional ethical and legal requirements and keep client discussions confidential.

### **Where can I find a local immigration attorney?**

U.S. Citizenship and Immigration Services (USCIS), a bureau of the Department of Homeland Security (DHS), offers two sites to help individuals find free or low-cost legal representation:

## Training and Programs for Risk Reduction

All new students and employees receive an orientation to the campus, which includes emergency procedures and assistance available from the Public Safety Department. Residence Life staff are trained to respond quickly and appropriately to emergencies and to provide safety and wellness training to students.

All NVU students are expected to complete online education and prevention courses. These courses, offered by Everfi include AlcoholEDU and Sexual Assault Prevention Suite. Both courses provide students with a comprehensive foundation in four areas: sex in University, partying smart, sexual violence, and healthy relationships.

The following is also included in this module:

- Bystander skill and confidence-building strategies
- Campus-specific policies, procedures and resources
- campus climate survey platform

All NVU-Johnson employees are also expected to complete education and training, provided by EverFi, in several areas such as workplace conduct, mandated reporting, and data security.

All new students and employees are made aware of the Vermont State Colleges POLICY 311: NON-DISCRIMINATION AND PREVENTION OF HARASSMENT AND RELATED UNPROFESSIONAL CONDUCT, and Policy 311-A is: SEXUAL HARASSMENT, SEXUAL EXPLOITATION, DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, AND STALKING. These policies educate employees and students, and promote awareness. Additionally, all students and employees are regularly provided with the policies and their implementing procedures and are encouraged to review them at least annually.

The Health and Wellness Center provides information in the form of a booklet titled “Sexual Assault, Sexual Harassment and Interpersonal Violence,” which increases awareness regarding safety in social situations. Students receive educational information regarding alcohol, drug use and sexual violence during New Student Orientation and through Residential Life programming.

NVU sponsors National Collegiate Alcohol Awareness week in the fall and Sexual Assault prevention week in the spring. There are NVU counselors available to students when alcohol or drug sanctions warrant such follow up. Off campus substance abuse evaluations may be imposed for repeat offenders or egregious infractions of the Drug and Alcohol Policy.

## Warning Signs of Abuse

Because relationships exist on a spectrum, it can be hard to tell when a behavior crosses the line from healthy to unhealthy or even abusive. Use these warning signs of abuse by your partner to see if your relationship is going in the wrong direction:

- Checking your cell phone or email without permission
- Constantly putting you down
- Extreme jealousy or insecurity
- Explosive temper
- Isolating you from family or friends
- Making false accusations
- Mood swings
- Physically hurting you in any way
- Possessiveness
- Telling you what to do
- Pressuring or forcing you to have sex

(Author Unknown. "Is this abuse?" Love is respect.org <http://www.loveisrespect.org/is-this-abuse/is-this-abuse>)

## Bystander intervention options

If you see someone in danger of being assaulted:

- Step in and offer assistance. Ask if the person needs help. NOTE: Before stepping in, make sure to evaluate the risk. If it means putting yourself in danger, call 911 instead.
- Don't leave. If you remain at the scene and are a witness, the perpetrator is less likely to do something.
- If you know the perpetrator, tell the person you do not approve of their actions. Ask the person to leave the potential victim alone.

Be an ally:

- When you go to a party, go with a group of friends. Arrive together, check in with each other frequently and leave together.
- Have a buddy system. Don't be afraid to let a friend know if you are worried about her/his safety.
- If you see someone who is intoxicated, offer to call a cab.

## NVU-Crime Statistics

The Clery Act requires NVU to report statistics for certain crimes reported to have occurred on and around campus and at other properties owned or controlled by the institution that is frequently used by students in support of an educational program. In addition to crime report statistics, the University also must report statistics for certain crimes determined to be motivated by bias or hate (hate crimes), as well as certain arrests and disciplinary referrals to the campus judicial process.

It is important to note that the Clery Act may define a particular crime differently than that crime is defined under Vermont law or the jurisdiction where an incident took place. For purposes of this report, the University uses the Clery Act definitions, which have been adopted from the Federal Bureau of Investigation's Uniform Crime Reporting Handbook (UCR), the National Incident-Based Reporting System Edition of the UCR for sex offenses, and the Violence Against Women Reauthorization Act of 2013. The definitions used for crime classification under the Clery Act are used by institutions throughout the United States.

The Clery Act requires that the statistical information in this report be broken down into standardized geographic categories. These categories are defined by the Department of Education and are used by all colleges and universities with Clery reporting obligations. In the statistical tables in this section, the data is broken down by both the type of offense and the geographic location where the offense occurred, as required by law.
